Preface

When, in January 1997, I became the GM of Copenhagen Hash House Harriers, my thoughts went back through the past 17 years of hashing in Copenhagen. I realised that I was the only Hasher who has been active in all these years in CH₃, and therefore more than anyone else was able to summarise **The Glorious History of Copenhagen Hash House Harriers**. The more I worked with the material, I realised, that I would not rewrite all the stories and re-hashes from the newsletters. This would be a book of thousands of pages where maybe only a few of today's Hashers would find interest. I have instead made **The Genealogy of Copenhagen Hash House Harriers**.

I have tried to establish the ultimate run list for all the years, and shown the CH₃ logos when they first appear. Listed the members of the Mismagements, the special events and some statistics about runs, hashers and hares. And you will see the prints on all the T-shirts and sweatshirts made to all our special events. Only a small collection of general T-shirts and sweatshirts are included too.

I have tried, where possible to find the names, in the run list and in the rehash, of the hares and co-hares that made the early runs. From 1997 and onwards is this information is from the actual runs and events.

Run lists from the record of runs 1-154, 466-516, 566-576, 677-716 and 757-today are available. As some of the run lists include accumulated counting of runs, the missing run sheets have virtually no impact on the counting for active Hashers of today. Some of the old Hashers have made a count of their own, and these are included. Starting with run 757 the run list includes the accumulated count for past runs, and so the count for all active Hashers should be fairly accurate.

Maintaining the run counts has not always been a virtue of the Hash Secs (sorry). I have therefore included one column with "Run" which indicates the announced run numbers in the newsletters, and another column "Correct" in with the correct run number is stated if the announced number not is correct. Runs announced, to take place in the very great Copenhagen area, holiday cottage runs and in nearby Sweden, where the CH₃ ceremony was performed are included in the counting.

In the early days of CH₃ hash names were not awarded during a formal ceremony, but were nicknames, which emerged from funny situations and became hash names. A few Hashers got therefore more than one name. I have assigned that name, which I recall as the most used, secondary hash names appear in the list of hash names in brackets. In the list of hash names you may also find photos of many Hashers (please note, that photos shouldn't improve what nature has created) and the stories behind their hash names. If a year is specified in a photo it indicates the age of the photo only.

Misspelling of names was sometime used as a sort of hash name. I have disregarded these misspellings as they could vary from one newsletter to another. Hash names are assigned to the Hashers name, whenever mentioned, regardless the date of origin of the hash name.

Previous editions of this document have included sections for Copenhagen Howlin' Hash House Harriers, which is the full moon chapter in CH₃, to the Hafniae Annual Red Dress Or Nightgown Hash (*HARD ON* Hash) which is the event maker before big CH₃ and International events, to the 2nd Skydiving Hash House Harriers in the World, to the Harriets.dk founded by the Danish female hashers, the Danish Nash Hash and latest Rabid Danes Hash House Harriers. These sections shall be moved to a new document of it's own named "Spin-off Kennels of The Copenhagen Hash House Harriers"

Also a section with key information about hashing in Denmark and the story of the birth of hashing is included.

I hope that this book will give "younger Hashers" an insight in some of the history of Copenhagen Hash House Harriers.

It is my hope, that this 12th edition handles the GDPR requirements in a satisfactory way. Hashers are only referred to by their hash names or their first name. Hashers without a hash name are referred to by: "Just" + "first name" + "year of their first CH₃ registration". In my own case, if I didn't have a hash name I would be *Just Jens 1980*. If you don't have a hash name and cannot figure out what your substitute hash name is, then please contact me.

If you have any information about hashers, hares, runs, Mismagements, special event T-shirts etc. that can improve this book, please pass the information to me.

Part 1 – Copenhagen Hash House Harriers

42 Years of Hashing

There wasn't a chapter of the Hash House Harriers in Copenhagen, when 3 well-travelled Danish Hash Souls *Der Tulip Eater* from Kowloon H₃, *Just Poul Erik 1980* from Seoul H₃, *Highjump* from Taipei H₃ and one American, *Pathfinder* from Houston H₃ founded the 1st Danish Hash House Harriers. The inaugural Run took place on March 15th 1980 attended by the small group of founders, friends and friends of friends. CH₃ was founded as a male-only club, but some Americans soon brought their girlfriends along making the trail more attractive and since then the club has had a large mixed membership with more than 60 active members today.

The four Founding Fathers – *Just Poul Erik 1980*, *Pathfinder*, *Highjump* and *Der Tulip Eater*

This plate could be considered the birth certificate of CH₃ but is, in fact, a “late commer”. The harriette on the plate was first used at run 200, March 3, 1984 and she was only used during 1984-85.

In 1981 an announcement by *Just Anne 1981* and *Just Nina 1981* appeared in one of Denmark's leading newspapers that they were going to start a Hash in Copenhagen, and anyone interested could should meet on August 24 at Nikolaj Square. The starting time was an hour earlier than CH₃'s regular starting time on same day, so the CH₃ Hashers decided to meet the new initiative, and run our own run afterwards. As the majority of the attendance were from CH₃, it was CH₃ who led the pack and quite naturally everyone decided to join forces with CH₃. Since then CH₃ has appeared in the eyes of the media as a “Club of drinkers with a running problem”.

From the beginning, CH₃ has runs on Saturday afternoons in the winter and Monday evenings the rest of the year. This is still the case 42 years later. But there have been periods where runs have been moved to Sundays due to monthly excessive Saturday shopping of female Hashers.

Copenhagen Hash House Harriers

At the Christmas Party 1981-12-05 *Sodbuster* introduced the banner of Copenhagen Hash house Harriers.

The front is presented by *GM Emeritus Just Anne 1981* (1982).

The reverse is presented by *GM Emeritus The Ayatollah* (1988). The banner disappeared a few years later.

In 1995 *Turkish Delight* and *Old Bailey* created a new banner.

The new banner with *GM Emeritus Old Bailey* (1995), *GM Emeritus Woodstock the Festival* (2003), *GM Emeritus Godmother* (2004) and *GM Emeritus Father Abraham* (1997).

Documentation and announcing the runs has been a strong factor over the years. In the beginning there was a weekly 1-page flyer, with rehashes and details of the next run. This later evolved into a two-weekly newsletter. From the middle of the eighties, the newsletter contained information on events, jokes, runs, rehash, the membership list etc. In 1996 the newsletters were supplemented with the website www.ch3.dk and since 2006 this been the only source of information supplemented with occasional e-mails when urgent. More than 34,000 photos from our runs and events are available. In 2014 the club embraced social media and the "Copenhagen H3" Facebook group was launched along side the web page.

From the start, CH₃ has been a well-organised Hash. The CH₃ Mismanagement has always had 8 to 13 Mismanagement members. As a general rule, new Mismanagement members are elected once a year by the old Mismanagement, and since 1983, the Christmas Party has formed the framework for this election. The new Mismanagement takes office January 1st with the arrangement of the first run of the year. At the beginning of the nineties some Hashers wanted to sit tight on some positions. But since then, election of the new Mismanagement has again taken place with full replacement of all members, which provides replenishment and continuation of traditions. With the only exception being the Hash Cash and Hash Tech who often serve more than one year at a time. Sub-committees can also be formed for special events, e.g. the Anniversary Runs. Apart from the very first Mismanagement, all subsequent Mismanagements have been a mix of male and female members.

At the beginning it was a tradition to alternate between a Grand Master and a Grand Mistress, a habit taken on for many years. In the second half of 1990, even a dog became Grand Master.

It has long been a tradition in the Hash House Harriers to celebrate the number of runs each member has achieved. At the beginning of the summer of 1980 it became clear that CH₃ was here to stay, and that there was a need for awards to those Hashers who had made 10 runs. After a lot of hard work *Der Tulip Eater* procured a ceramic mug from the Netherlands. A modest mug of 16 cm high, 25.5 cm wide and the weight of 1.2 kg.

Copenhagen Hash House Harriers

During the years it has been a CH₃ custom to award all Hashers who have managed to survive 50 runs with a mug. The shapes and materials have changed over time, today an engraved pewter mug (right) is awarded.

In 1991 felt the Mismanagement a need for an award to those Hashers who have survived 150 runs. And could hardly have chosen a better object than a cocktail shaker to reward a thirsty Hasher .

In the second half of the nineties the shot glass was introduced. It is awarded every time a multiple of 100 runs have been achieved. From the beginning of the new millennium the smaller shot glass is given only for the first 100 runs and a larger version for achieving 200 runs.

In the late nineties a golden mug for 250 runs engraved with the hash name of the Hasher came in place, and it became a tradition that Hashers reaching 555, 666, 777, 888 etc. runs was awarded with a special mug together with the medallion. See also *The Father Abraham* Collection on page 24.

In 1994 the Mismanagement decided, that there should be a special tag for Hashers who had achieved 50, 100, 150, 200 etc. runs. It began with ordinary dog tags engraved with number of runs achieved on one side and CHHH on the other side. The medal can be tied to the mug.

In late 1995 the ordinary dog tag was phased out, and a real medallion with the CH₃ Little Mermaid logo was created. As with its predecessor it was designed to be attached to the mug.

Bronze medal for 50, 100 and 150 runs.

Silver medal for 200 and 250 runs.

Gold medal for 300, 350, 400, 450 and 500. Same digit number runs and x100 runs, i.e. 555, 600, 666, 700, 777, 800, 888, 900, 999, and 1000. Palindrome number runs and x100 runs, i.e. 1001, 1100, 1111, 1200, 1221, 1300, 1331 etc.

It soon became clear that handling 3 different types of medals was a too complicated task for any committee to handle. Soon all the medals were gold.

Copenhagen Hash House Harriers

From 1998 all medallions were attached to a ribbon in the Danish colours. Traditions are a funny thing – they change. So today are all medals of gold.

From 2018 are mugs awarded for 50, 250, 500, 1000, 1500 and 2000 runs only and a shot glass for 100 runs only.

The first great cornerstone in the history of the CH₃ was the 1000th Run Anniversary celebrated June 6, 1998. It was a 3-day session held at the Colleruphus Scout Camp, Sandbjerg.

The four Founding Fathers – *Der Tulip Eater*, *Pathfinder*, *Just Poul Erik 1980*, *Highjump* – and *GM Emeritus Father Abraham*.

Over the years many events have been celebrated, creating traditions, which still thrive today. The first run celebrated should have been run no 50, providing a good opportunity to print a special sweatshirt. Unfortunately it wasn't ready and wasn't printed until run no 77 instead. The next big event was run no 100, and a special sweatshirt was printed, but in the month of March we really needed a T-shirt for the coming summer runs, so a T-shirt was printed for run no 111. Two extraordinary decisions had been made about Hash textiles – on both occasions, runs with same digits on the shirts. All following runs of this type have been celebrated since. After run 1000 the tradition of celebrating runs with palindrome digits emerged. The first was the Hangover Run after run 1000 i.e. run 1001 and then came 1111. After them 1111 then 1221 and 1331 etc. should have been celebrated but a 4 digit palindrome number has been too much of an intelligence test for the following Mismanagements.

During the years more than 130 CH₃ T-shirts have been designed, and most of them can be seen in this history next to the run to where they were introduced.

Around 2010 *Biggles* introduced customizing of hash gear with personalized prints. These are not included in the book.

Another tradition is the Holiday Cottage Weekends, which began in 1981, and in many years were sponsored with venues from the A.P. Møller Corporation (just like our Founders).

As a counter action to the summerhouse events, a Ski Hash was launched in 1990. Since then a large number of Hashers each year have participated in the CH₃ Ski Hash Trip.

On the international side, CH₃ was, in the first few years, not especially noticed. There was only been sporadic individual participation in foreign events – a few hashers attended the Interhashes in Jakarta 1982 and Sydney 1984 but the first big Interhash participation was in Pattaya in 1986 when CH₃ members gave their unforgettable show “The Viking Wankers”. At home the first big international gathering was also in 1986 when 35 Hashers from Moscow arrived in Copenhagen for a hashing weekend. It first became popular from 1990 to see larger groups of CopenHashers participate in international events.

Hangover Runs has always been a very important tradition, and the mother of all Hangover Runs is the run on the first day of the year. It began in 1982 with a run on January 2nd but in 1983 a true tradition was born. Every January 1st – the first run of the year is started from Peter Lieps Hus in Jægersborg Dyrehave.

Since the 1982 the new Mismanagement has been introduced at the Christmas Party and officially taken office on January 1st. The new Mismanagement has always taken a great pleasure in treating the old Mismanagement in a slightly humiliating way and Champagne is served for the down downs.

During the years a large number of runs of special occasions have been created and most of them are still living today including the *Birthday Party*, the Christmas Party and the unavoidable Hangover Runs.

In 1981 CH₃ participated for the first time in the 5x5 km. relay run in Fælledparken at Østerbro. And has done so 17 times in total.

In 1987 *2nd Class* initiated that the last run before Christmas was *The 2nd Class Christmas Soup Run* from Nybrovej in Kgs. Lyngby. The run ends always at his place where hot soup is served. In 2018 *Her Holynose* continued the tradition with a Christmas Soup Run, the 24 of its kind.

In 1993 on 2nd day of Christmas (26th December) *Woodstock the Festival* began *The Einar Holbøll Memorial Runs* from Charlottenlund Station. Einar Holbøll invented the world's first Christmas Seals in 1904 when he was managing the post office next to Charlottenlund Station. 2021 saw the 28th run.

Halloween Runs, *Fastelavns* and *Valentine's Day Runs* have all been arranged from mid 90's and are still going strong.

From 1997 to 2006 *Tadpole* and *Butthead* have arranged the *Sankt Hans Barbecue Run* from their home each June 23rd ending with a barbecue and a large midsummer night fire in the garden. This event has been taken over by the Dunbars and still going strong. 16 runs so far.

The *Gispert Memorial Run*, started by *Stallion* in 1999 is run every February 11th in memory of the father of the Hash House Harriers, Alberto Esteban Ignacio Gispert “G”

The latest innovation is the *Christmas Evening Run (morning or afternoon)*. Well the officially first event was in 1983 and the next didn't occur until in 2003 but since 2011 when *GM Emeritus Old Bailey* took charge it has become an institution. Up until now 12 runs have been set and from Kongens Nytorv in the centre of København with the On On at Hviids Vinstue where the pack starts a very merry Christmas.

Copenhagen Hash House Harriers

Sadly enough some Hashers leave CH₃ to another Hash abroad. When this happens a Leaver T-shirt is awarded to the Hasher. On the occasion of their last run they are presented with the shirt which must be worn "next to the skin" so it can be signed by all the Hashers present.

The back of the leaver's T-shirt. White with black print.

Copenhagen Hash House Harriers

Singing

The singing in CH₃ has during the years been a cumbersome affair. The first years only 3 songs were used.

When the Master of Ceremonies (Religious Advisor) awards a down down to a Hasher the congregation sings the down down song.

The Down Down Song

Here's to ...
He's so blue.
He's a bastard through and through.
He's a bastard so they say,
and he'll never get to heaven in a long long way.
Drink it down, down, down, down, down, down, down,
Drink it down, down, down, down, down, down, down.

Tune: Come Let Us Adore Him
Why are we waiting, why are we waiting,
why are we waiting, oh why, why, why?
Why are we waiting, why are we waiting,
why are we waiting, why are we waiting,
why are we waiting, oh why, why, why?

After a Hasher has ended his down down, the congregation will sing one of the following two songs:

Why was he born so beautiful?

Why was he born so beautiful?
Why was he born at all?
He's no fucking use to anyone.
He's no fucking use at all.

He may be a joy to his mother

He may be a joy to his mother
But he's a pain in the asshole to me.

In 1985 *Sodbuster* introduced **The Copenhagen Hash House Harriers Hymn** which has concluded the ceremonies in the circle ever since.

Tune: Land of Hope and Glory
Text: *Sodbuster* (1985)

Come on Viking Wankers.
Lift your beers and shout.
We are CopenHashers.
What we've got we flaunt.
Close the narrow circle.
Gather round the beer.
Hashing, wanking, drinking.
That is why we're here.
Hashing, wanking, drinking.
That is why we're here.

Before the singing of the "The Copenhagen Hash House Harriers Hymn" a crate of beer (with at least one full Tuborg beer) would be placed in the centre of the circle. After the singing the crate were kicked around in the narrow circle. Today a Tuborg can is kicked around and eventually smashed.

Then the congregation shouts the Oggy Oggy Oggy followed by the boy's song and last the girls song:

Oggy Oggy Oggy

Tune: A Cheer

Leader (Spoken/yelled)	Oggy Oggy Oggy!
Unruly Mob (Mumbled)	Oi Oi Oi.
Leader (Louder)	Oggy Oggy Oggy!!
Rabble (Faces turn)	Oi Oi Oi!
Leader (Really pissed now)	Oggy!!!!
Crowd (Bellowing)	Oi!!!!
Leader (Red faced)	Oggy!!!!
Audience (This is fun!)	Oi!!!!
Leader (Shits himself)	Oggy Oggy Oggy!!!!
Followers (Gungho)	Oi Oi Oi!!!!!!!!!!!!

Boys song

I'm in love with the girl next door.
Smell my finger.
She's a big one.
Smell my elbow.
She's enormous.
Smell my armpit.
She's gigantic.
Smell my ankle.
She's just fourteen
And your ...

Girls song

Text: *Laid Lots*
I'm in love with the boy next door.
Smell his moustache.
He's a small one
and a quick one.

In the years 1987-95 a Hash Music title var appointed to a Mismanagement member who should take initiative to sing stops during the runs. The results were modest.

Copenhagen Hash House Harriers

In 1991 a alternative to Girls song came about:

All I get is a bottle of beer!

Tune: 24 Røvere

Text: *Poodle* (1991)

Puffer

Plastered

Jannie the Nannie

Octopussy

Dung Heap

(Chorus) Last night, a Hasher boy,
tried to show me his own little toy.
He opened up, took it out,
but all I saw was a baby sprout.
I said: Oh boy!
Is that what you call a mammoth toy?
Why... don't you give me a beer?
I'd rather play with my dildo gear!

(Solo) He is hashing

(Chorus) ... hashing.

(Solo) He is wanking

(Chorus) ... wanking.

(Solo) I am waiting

(Chorus) ... waiting.

(Chorus) And all I get is a bottle of beer!
When I find a man,
he'll never use his hand again.
He can use ... all his gear,
but all I want is a bottle of beer!

Besides the songs mentioned above The International Hash Hymn, Father Abraham and We are the Hash were occasionaly song.

International Hash Hymn

Tune: Swing Low, Sweet Chariot

Note: Gestures accompany words

Swing low, sweet chariot,
Coming for to carry me home,
Swing low, sweet chariot,
Coming for to carry me home.

I looked over Jordan and what did I see,
Coming for to carry me home,
A band of angels coming after me,
Coming for to carry me home.

Chorus:

Swing low, sweet chariot,
Coming for to carry me home,
Swing low, sweet chariot,
Coming for to carry me home.

I'm sometimes up and sometimes down,
Comin' for to carry me home,
But still my soul feels heavenly bound.
Comin' for to carry me home.

Chorus

If you get there before I do,
Coming for to carry me home,
Tell all my friends that I'm coming too,
Coming for to carry me home.

(Repeat with variations: humming and motions only, silence and motions only, double-time)

Father Abraham

Tune: Father Abraham

Father Abraham had seven sons,
Seven sons had Father Abraham,
And he never smiled,
And he never cried,
All he did was go like this – With a right!

Leader: With a right! (extend right arm)
All (shout/actions): With a right! (extend right arm)

Father Abraham had seven sons,
Seven sons had Father Abraham,
And he never smiled,
And he never cried,
All he did was go like this – With a right!

Leader: With a right! (extend right arm)
All (shout/actions): With a right! (extend right arm)
Leader: And a left! (extend left arm)
All (shout/actions): And a left! (extend left arm)

More verses/actions:

With a right! (extend right leg)
With a left! (extend left leg)
And a HEEEE! (hump pelvis)
And a HUUHH! (turn around, drop pants, moon pack)

Copenhagen Hash House Harriers

We Are The Hash

Tune: We Are The World

There comes a time when you hear a certain call. (On On)
when the Hash must come together as one.
There are Vikings crying
“Oh where’s the fucking trail?”
To the Hares – the greatest pricks of all.

We can’t go on pretending that we’re fit.
There’s always some smart arse who beats us in.
We are all a part of
one great big family.
And the truth is that Tuborg’s all we need!

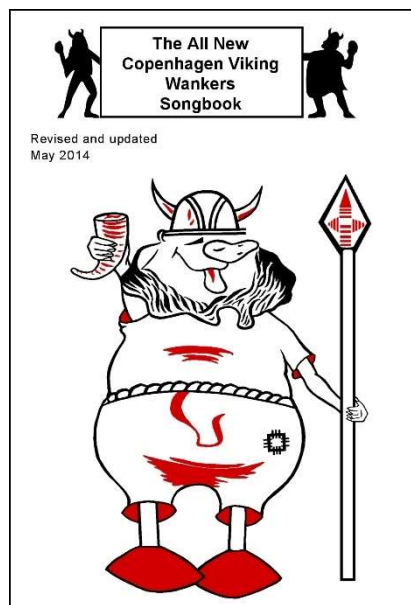

Chorus:

We are the hash,
we are the Vikings,
we are the one’s who only run for beer,
so let’s start drinking,
there’s a choice to make here,
but it’s Tuborg that we drink,
because drinking Other beer,
makes your breath stink.

Woo, we have a horn,
that is hardly ever heard,
when there, he’d rather play with his own.
And a choir that shows us, each and every week,
that the Wanker’s cannot sing at all!
Chorus

We’re on the trail.
We’re simply chasing flour.
If we keep on – there’s no way we can fail.
Wo, wo, wo, wo, to reach the beer, that we know is gonna come,
when we stand together as one!
Chorus

In 2004 *Calapso* joined the CH₃ and it became soon obvious that he was able to both remember and sing a lot of Hash songs. With more and more Copenhaskers attending international events and the arrival of *Yark Sucker* and *Fire in Da Ho* the number of songs sung in the circle increased. In 2014 *GM Emeritus Calapso* with help from *Mind Your Nuts* and *Yark Sucker* created the Copenhagen Viking Wankers Songbook, a compilation of circle and longer songs sung by CH₃ and by Hashes all over the world .

Hare T-shirt

Since the InterScandi runs in 1993 at Tisvilde it has been common at special events in CH₃ to make Hare T-shirts for the hares responsible for the runs.

In June 2002 two new Hare T-shirts were created. One for honouring the Hares who have made 25 runs, and one for the Hares who have made 50 runs. The front print based on the original InterScandi hare T-shirt.

Black T-shirt with silver prints.

The lyric at the breast of the T-shirt says: "This is to certify that the Bearer of this Shirt without any form of aid or assistance from others, has botched up 25 runs"

In August 2003 the third new hare T-shirts came to live. Honouring the hares who have botched up 12½ runs. The T-shirt is awarded to the hare on a drink stop half way through his/her 13th run as a hare.

Blue T-shirt with bronze prints.

The lyric at the breast of the T-shirt says: "This is to certify that the Bearer of this Shirt without any form of aid or assistance from others, has botched up 12½ runs"

In January 2013 a fourth hare T-shirts was created after it took *Codpiece* 21 years to be the first Copenhasker to hare 100 runs.

Black long sleeved T-shirt with gold prints.

The Yellow T-shirt

In the early nineties a “Yellow T-shirt” for the Hasher with Most Current Consecutive Running Hasher was instituted. The bearer was entitled to decorate the T-shirt with her/his Hash name. At the beginning of 2004 a substitute was created and the old one was awarded to my collection of hash items.

The proud bearers of the T-shirt were – at least – these 31 Hashers:

Legs Astride, Stand Up, Bob, Plastered, Oeuf, Bogey, Codpiece, Sexaphone, ComeBack, Woodstock the Festival, Pop Eye, Thunderpiss, Father Abraham, Loping Scrotum, Alligator Dundee, Sir John, Rock-your-Socks, Der Tulip Eater, Octopussy, Public Hair, Marshy Mellow, Hard On, Ib von Täinen, Buzz Bee Balls, Rusty Dick, Plastic Paddy, SSS, Sea-Xplanation, Shiggy Piggy, ThirStig and Danish Bacon.

The second T-shirt for CH₃ Most Current Consecutive Running Hasher had a relative short life time and very few bearers. They were:

Thunderpiss, Loping Scrotum, Merlot, Hard On, Ib von Täinen, Swamp Thing and Mr. Petit.

This T-shirt is the story of *Mr. Petit*. His first run was no 1316 and was bearer of the shirt from run 1412 to 1474 – 63 consecutive runs, losing the honour when he missed run 1475 – he slept too long to attend the afternoon run. Then he got his act together and attended from run 1476 to 1691 – 216 consecutive runs. At this point *Mr. Petit* was awarded the T-shirt for life and a third T-shirt was created in spring 2009.

The third T-shirt for CH₃ Most Current Consecutive Running Hashers had very few bearers too, they were:

Viking, Red Carpet, Thunderpiss, Father Abraham, Der Tulip Eater, Mr. Petit, Ib von Täinen, Calapso, Biggles, and ThirStig.

Copenhagen Hash House Harriers

At the Christmas Party in December 2015 the Mismanagement awarded *Mr. Petit* a new “Most Consecutive Runs” yellow T-shirt for life. At the time of writing, since *Mr. Petit* started in CH₃ he has attended 838 runs of a possible 869 runs from his start in CH₃. Get a life!

Generic Shirts

During the years a lot of different shirts have been made. Shirts made with special occasion in mind, are shown in the run list next to the run they belong to.

Lots of shirts made for “daily use” have also been made. Often are the same prints used on several different colours of shirts. The dates of issue are quite hard to determine for these shirts. I have given my best guesses and shown a small selection below.

The first basic T-shirt from autumn 1980.

The second basic T-shirt from late autumn 1980.

The first basic sweatshirt from 1981

Sweatshirt 1982. Introduced in red and greyish blue.

Singlet 1982-83.

The printer of the singlet didn't know the word "WANKERS" and thought it was misspelled. He couldn't find it in his dictionary, so he decided it should be "WARKERS" instead – whatever that means. Money was scarce for the printer, so he accepted to make a reprint with the red X and N.

Sweatshirt issued in red and green in 1986.

Copenhagen Hash House Harriers

First made as a yellow T-shirt in 1989. Since then in all the colours of the rainbow and on sweatshirts as well. The print on the back are seen in different fonts and layout. The logo on the back is disappeared in later editions.

Grey sweatshirt 1992 and in a dark blue version in 1994.

The Father Abraham Collection

It was my privilege to join CH₃ at run no. 2 in 1980, and I have run more than 2/3 of all the runs. So I quickly became the Hasher in CH₃ who has completed the most runs. Besides receiving the mugs and tags shown in the previous section the Mismanagements has, many times, tried to celebrate my events with a special trophy. I am truly honoured. Except for the T-shirt the size of the objects shown is ~1:4.

The Best and the Worst of 1991

Worst Run Ever

Run 626 1991-11-03 *Prince Charming*

Sletten Havn, Sletten

This area is great for running plenty of nature around it so we all looked forward to a GREAT HASHRUN! We were out there for a total of 25 minutes - there were no checks - we ran in 4 straight lines and it was quite obvious the trail had been set from a car! GREAT DISAPPOINTMENT! This is the worst run ever experienced in CH₃ and as such should be nominated as worst run ever - only there was nothing HASHING about it at all so we can't do that. But for future Hare raisers some good advise: Do not use *Prince Charming* as hare!

The Best and the Worst of 1997

Hasher of the Year and most runs

ThirStig – 48 runs

As many Hashers have been very helpful and full of initiative for the common good, it was hard finding just one to honour this prestigious award. Thus something else had to be taken into account, and as *ThirStig* has been the most regular runner during the year he got the price and the golden shoe.

Harriett of the Year

Butthead

Being afraid of somebody stealing his wife, *Butthead* ordered *Tadpole* to take of her gorgeous harlot dress for the CH₃ birthday party, and put on his boring (and authentic) pimp dress instead. Driven by jealousy *Butthead* had not recognized what he had created until all the boys at the party started hitting on him instead of his wife, as he was afraid of. Not knowing what he was doing *Butthead* had created the most sought after beautiful girl at the party. For this he was awarded a pair of red-laced knickers.

Copenhagen Hash House Harriers

Best Run of the Year

Run 961 1997-07-07 *Great Dane*
Sir John

Nørreport Station, Nørrebro

For taking us all out in the channels of Copenhagen. As usual the prize was a golden worn out running shoe. The run was typical for a run in the centre of Copenhagen, taking us by much of all the tourist stuff we all need to see once in a while. What really hit the spot on this run was the red wine drink stop onboard a channel boat taking us from Nyhavn to Christianshavn.

Best Super Natural Run

Run 960 1997-06-30 *Ivan the Terrible*

Hareskov Station, Hareskovby

In one of the best summers in common memory, in the hottest, most sunny part of the summer a lot of Hashers headed towards Hareskov Station, expecting a perfect run in the scenic woods. And what happens...

The hare gave the pack a most memorable experience. Never before had the pack been presented to such an extreme weather, making most of Hareskov and surroundings looking like a scene in a tropical hurricane. The rain was almost massive, thunder and lightning, and trees fell to the ground around the pack.

Ivan the Terrible was awarded with Tor's golden hammer. (Tor is the old Nordic god who by means of his hammer created thunder and lightning). With the award followed the responsibility to carry the hammer on all future runs until a similar weather occurred and then throw the hammer back to Tor.

Most Boring Run

Run 972 1997-09-15 *GM Emeritus Lady-Di-Gnasher*
Carmen

Emdrup Station, Emdrup

For setting the run on a bicycle around the lake of Utterslev Mose – No award deserved.

Worst Dressed

Viking

For the dress at run no 961, had a black plastic bag, which *Bogey* envied him a lot... (*Bogey's* favourite costume!) *Viking* achieved this award for often just showing up at a run dressed in his paint-stained working clothes, and then just turning his shirt inside out?!? Looks like Haberdash has a dedicated job in fixing up *Viking* with proper hash clothes.

Drunk of the Year

Woodstock the Bird

In hard competition with *Codpiece*, *Woodstock the Bird* several times during the year proved that you could be so drunk that you are not able to find the right direction home. At one occasion *Codpiece* had to do a body search of *Woodstock the Bird* to help her to find the keys she was holding in her hands! At another occasion she got so drunk that she fell off her bike several times on her way home. With the price *Woodstock the Bird* got a packet of grease and some plastic gloves, to ease upcoming body searches.

Hashshit of the Year

Thunderpiss

Thunderpiss made special preparation for run no 937, for which he tried to coup the title for the most boring run of the year. Setting the run in one of the most boring parts of Copenhagen, announcing it as the most boring run of the year, doing a perfect square run with no checkmarks at all and providing a lot of rain. But did not take into consideration, that we on the very same run were celebrating the wedding of Jelena Jevsikova (later known as *Zippo*) and *Burning Bush*.

Nice try but noooo, *Thunderpiss*, it takes talent to do the most boring run of the year.

The Best and the Worst of 1998

Hasher of the Year

Codpiece

For his never ending enthusiasm and good work on keeping us updated and up-to-date on the Internet! Thank you *Codpiece*, keep up the good work!

Best Run of the Year

Run 1022 1998-07-06 Family Run

Charlie Brown

Sea-Xplanation

ComeBack

This fine award was given to *Charlie Brown* and his two co-hares; *Sea-Xplanation* and *ComeBack* for a fine run this summer concluded with a very nice barbeque and beer in *Charlie Brown's* garden. Thanks for an excellent run – keep up your training!

Worst Run of the Year

Run 1021 1998-07-03 *Vikingtaffel Hash*

ThirStig

Frederikssund Station, Frederikssund

ThirStig was awarded this fine title right from the front of *Thunderpiss*, who has been contesting to win it for years now. *ThirStig* got the honour because of his Viking run in Frederikssund this summer. It was supposed to be soooooo goooooood. Viking-play, Viking-barbeque and Viking revue afterwards. But, only few Hashers were informed to bad communication, and of the few, who had paid, some decided to stay home anyway and watch football! Imagine! Keep up the hard work, *ThirStig*, it's gotta pay off sometime!

Drunk of the Year

Small Pleasures

Small Pleasures was given this award for the funniest prank ever pulled on a Hasher! She was so drunk that she went down on stage at the 1000 celebration took the microphone and told the world (and *Codpiece*) that she was pregnant! Thank you for a good laugh, you should get a seat in the committee in the practical jokes department!

Copenhagen Hash House Harriers

Lost Hare of the Year

Woodstock the Bird

Woodstock the Bird was dumb enough to lay a run together with *Mr. Invisible* in the environs of his new home. However, *Mr. Invisible* of course couldn't find his way, and neither could *Woodstock the Bird*. The whole pack got lost. But *Woodstock the Bird* got the award because she was also dumb enough to show up at the Christmas party – knowing that *Mr. Invisible* wouldn't be able to find his way! Way to go, *Woodstock the Bird*! Keep the pack on right path!

Hashshit of the Year

Wimpy

It is no crime to be baptized. But to keep ones name secret for years, just to get baptized again – that's a crime! However, *Wimpy* was awarded hash shit for forgetting to clean up after himself, after he was baptized with 20 kilo's of flour by 5 different RA's. Hope you won't forget this one! EU Flour Reserves can't hold out to the like of *Wimpy*!

The Scrooge Award

Wash'n'Grow

As usual the club started the year broke, had no control on anything and would have gone out of 1998 broke, if it had not been for one event, and the man who controlled the finance hereof. The 1000 run event ended with a five-figure surplus. Not only had this incarnation of all Scotsmen been able to make Hashers pay for there own beer, but also he had made them pay extra for the beers!!

His reincarnation of Scrooge was confirmed when he refused to hand over the money to the Mismanagement to spend on the clubs pleasures and instead placed the money on interest at a special fund for upcoming events. The Scrooge award for 1998 went ever so well deserved to Mr. *Wash'n'Grow*.

The Best and the Worst of 2000

Hashers of the Year

Cinderella and Biggles

This year the Mismanagement felt that there was no single run, which they could award as best run of the year. However there was a pair of hares that had set consistently good runs throughout the year, with excellent On On's. Therefore we decided to make the award, the Hares of the Year.

Worst Run of the Year

Thunderpiss

As soon as the Mismanagement started discussing the worst run of the year, *Thunderpiss'* name came up. Not for a run this year, but a run several years ago, where he reputedly set the run on roller skates. The trail consisted only of bicycle paths and roads in a boring industrial area. All the greener possibilities were avoided because of the wheels on his feet. After this truly dreadful run he set the On On at a MacDonald's! The Mismanagement all agreed that anyone who set such a bad run in the past could have easily set the worst run this year, although we were not quite sure when it was this year.

Drunk of the Year

GM Emeritus 2nd Class

If you had been to the run where this drunk earned Drunk of the year, you would also agree that he certainly deserved it.

Hashshit of the Year

Ib von Täinen

There could be no doubt of who should be the recipient of Hash Shit for the year. By popular acclaim *Ib Fontaine!*

Copenhagen Hash House Harriers

Most runs of the Year

Codpiece – 52 runs

SCB of the Year

Dis-Gusti

Short Cutting Bastard, a popular award which many Hashers hoped to win. But only one Hasher could claim to have: arrived for the run at the wrong station, then hitch hiked to the correct station, and then only run (and I use the word loosely) half the trail before taking a taxi back to the finish.

CH₃ Poet Laureate

Ib von Täinen

Unbeknownst to many of you, we have an artist in our midst. A man who lives his days perilously on the cutting edge of the avante garde. A man who's every fibre is dedicated to further extending the borders of the English language. In short - a poet.

And being a MODERN poet, he works in Cyberspace, using this new-fangled machinery called the e-mail. He publishes his works at a common address called the CH3 list, and here all his admirers can read and enjoy his work.

Permit me to give you a small example of his exceptional calibre:

When once extolling the many and varied virtues of a lady he had met at some away-weekend, he was interrupted by one of the more uncouth members of his circle of admirers, who had become impatient with the length of his song of praise, and mailed him directly – “All very well - but was she any good in bed?” Our poet, ever the perfect gentleman, simply wrote back: “She wares muhrvels”

What finer compliment could any woman ever wish to receive! She wares muhrvels!

True artist that he is, our poet too went through a dark period of despondency, feeling that he could no longer renew his work, no longer push forward in his tireless endeavour to break new ground. He felt that “his Muse had left him”. And like many great artists before him, he turned in desperation upon his own work, attacking and destroying many fine pieces: He installed a so-called Spelling Checker in his computer!

Fortunately, his many admirers succeeded in dissuading him from following this destructive path. He de-installed the Spelling Checker, and his work at once returned to its familiar, sterling standard.

A few examples more: This one is untitled. About life in general and nothing in particular. It does, however, have a rather sombre texture to it. “Just so - you all - no - with grill - we are torking - abort (se the pitcher)”. “We all now abort - sofidoll - mom!”

And, here's one known to his ardent fans as “The Norwegian Gem”. It is entitled: “Bergen of the year!!!” and the second stanza is particularly expressive: “If they're fore some resent is one that must ovens the car with has some burst in, I might let him get in touts with my friend.”

Now, as you may know, when an English poet stands head and shoulders above his, or her, contemporaries, he or she is often awarded the title of Poet Laureate. This refers to the laurel wreath with which the awardee is crowned.

And, without further ado, the unanimous choice of the CH3 Royal Society for the Arts: CH3 Poet Laureate for the year 2000 - please applaud *Ib von Täinen!* (Initiative and text by *Bogey*).

The Best and the Worst of 2002

Hashers of the Year

Codpiece

If someone sets a midnight-run in freezing cold weather and a howling wind – he will be there.

If someone sets a hang-over run when everyone else is so damaged that the mere thought of getting out of bed makes them want to puke – he will be there.

If someone sets a run over in Sweden, which requires long and involved logistics with regard to getting there and back – he will be there.

If a visiting Hasher from abroad contacts him – he will always make sure they find their way to the Hash Bar and the run – and that they have a place to crash if they need it.

The only Hasher I know of who went diving for poontang in a drunken Goan swimming pool, and came up with a semi-disintegrated pair of disposable paper panties.

CH₃ Hasher of the Year is – Codpiece.

Worst Run of the Year

Pop Eye

This is an award this Hasher narrowly avoided getting a couple of years ago for his freeze-your-nuts-off-long-straight-run-in-the-wind, as his co-hare had close Mismanagement connections. This year his co-hare is ON the Mismanagement – so now his goose is cooked!

This year, dressed up as “Prince Henri”, he started his run in the wrong place – because the proper meeting-point was right next to Amalienborg, and he was afraid that Daisy would see him prancing around in his poofier tights with a bunch of men . . . again.

The run as such, adhered closely to the “No More City Runs” motto of this year’s Mismanagement, and was set on pavement, pavement, and pavement in the long, straight, not too many checks style so favoured by this Hasher.

Without further ado . . .

The Worst Run of the Year Award goes to *Pop Eye*.

Run 1260 2002-05-13 *Pop Eye*
Bogey

The Fountain at Amalichave, København

Drunk of the Year

Thunderpiss

Thunderpiss – need I say more? I think not. (Ten thousand feet up in the air - he can still do it! - get mindless that is)

Copenhagen Hash House Harriers

Hashshit of the Year

Rambo no 5

Not only for filling our e-mail in-boxes with a constant stream of tired old recycled jokes; not only for indiscriminately forwarding whatever trivial tripe he gets sent from his SAS pals - but also for forwarding the only interesting jokes he gets in bloody Conkry or Portuguese!!!

The Hash Shit of the Year Award of the year goes to *Rambo no 5*.

Rehash of the Year

Sea-Xplanation

For re-writing the Never Ending Story – and making it just as incomprehensible as the original. Definitely the most prolific Shakespeare aspirant of this year.

The Rehash of the Year Award goes to *Sea-Xplanation*.

Event of the Year

Tadpole and Butthead

This award has a retrospective aspect, as the event in question is a recurring annual event. So this award can be seen as a “thank you” for years past as well as for this year. (6 so far)

In appreciation of the great amount of work they always put into giving their guests – us – a good time . . .

The Event of the Year Award goes to Tadbutt – or is it Headpole – Butthead and Tadpole for their annual Sct. Hans arrangement.

And – may I add – I am sure this award is going to be placed in a really prominent position in their home, so all their friends and family can see what a good ole boy and good ole gal they are.

The Best and the Worst of 2005

Hashers of the Year

Bogey

Wash 'n' Grow

This year the prize goes to two Hashers. They have been recognized for doing something special and good for CH₃. The organizers of Silver Jubilee.

The Rookie of the Year

CMAC

Best Run of the Year

1473 2005-08-21 *Sleeping Partner*
Dr. Evil

Halvtolv, Arsenaløen, Christianshavn

Latecomer of the Year

Mr. Petit

This is very serious. *Mr. Petit* Has during 2004 and 2005 attended in 62 consecutive runs and therefore close to be the owner of the yellow T-shirt for consecutive runs. But August 22 we all held our breath. It was 14:30 hours and there was no sight of *Mr. Petit*. Where was he? Was he run down by a truck or worse? The next Monday *Mr. Petit* gave us the true story: He slept over.

Worst Run of the Year

1478 2005-09-19 *GM Emeritus Woodstock the Festival*
Alligator Dundee

Charlottenlund Fort, Charlottenlund

Drunk of the Year

GM Emeritus Old Bailey

Speaking about Silver Jubilee. Friday afternoon, were most of us were busy for the preparation for the weekend, someone find it very nice to sit in the sun and drink beers. Nothing wrong with that. But I've never in my life seen someone so intoxicated. The person could hardly stand on his feet's.

Best On On of the Year

1493 2005-12-17 The 14th 2nd Class Christmas Soup Run
GM Emeritus 2nd Class

Nybrovej / Kongshvilevej, Kgs. Lyngby

Every year at the same time of year we run from the same venue. Hare is the same, and the On-On is the same. It has become a tradition in CH₃. Best On-On is the annual soup run.

Hash Shit of the Year

Bogey and *Wash 'n' Grow*

At the Silver Jubilee, *Bogey* couldn't find anything that could go wrong. All people around him make things happen in a professional way, and he tried real hard to find something that could go wrong. In the end, we found the problem. The bus that should pick us up on Sunday didn't arrive at all, and instead a lot of us had to take public transportation. But *Bogey* shall not be alone. *Wash 'n' Grow* you are responsible as well. Furthermore you were responsible for the budget. You fucked it up! How can you make a budget, stating that the financials for Silver Jubilee were tight, and there are were no rooms for extras. The hash is a non-profit organization, and you are responsible; that we have to give away our surplus!

Longest Shortcut of the Year

Apple Jack, Århus H₃

For the first time, the prize goes to a person outside of CH₃. At one of the runs at the Silver Jubilee *Apple Jack* injured his feet so badly, that it was no meaning to continue. *Apple Jack* was instructed to shortcut back. But it took 8 hours for *Apple Jack* to find the camp. He didn't knew at all were he was. He had no money, no phone. Short story is: At last he found out what to do, found a taxi. Someone had to pay the taxi and on the receipt it says, he has driven more than 17km.

Most runs of the Year

Mr. Petit – 62 runs.

Most Hares of the Year

The Best and the Worst of 2009

Blonde of the Year

Mind Your Nuts

When he and *Joint Venture* arrived at the airport to go to the Diva Hash in March, the check in person couldn't find them on the flight. The reason was that MYN had booked the tickets for February, not March so they had to go and buy new tickets for that day. To make things worse, at security they wanted to confiscate JV's shampoo, but MYN decided to go back and check the bottles in. When he got there he realised he didn't have his boarding card, JV did and she had gone through security. Fortunately she had realised and came back to save him and they made it to the flight – just.

Pervert of the Year

GM Emeritus Bogey

At one run *GM Emeritus Bogey* turned right at a check when the trail was obviously left, I caught up with him as he got back to the check and asked him how he could be so stupid. He pointed at the lycra covered young harriette's bottom 3 metres in front of him and proceeded to follow it, very happily, for the rest of the run.

Run of the Year

1706 2009-05-25 *GM Emeritus Der Tulip Eater*

Østre Gasværk, Nyborggade, Østerbro

Worst Run of the Year

1721 2009-08-31 *Mind Your Nuts*

Holte Station, Geels Skov

The trail was so bad even the hare couldn't find it, at one point the pack was calling on, having found the flour but MYN called them back claiming it was the wrong direction. The only person to do the whole trail was *GM Emeritus Codpiece*, who got back some time after the circle had closed.

Yarcoleptic of the Year

Yark Sucker

For managing to fall asleep at almost every event or on on she attends.

Drunk of the Year

Swamp Thing

Himself a cardinal, instead of watching *Joint Venture* attempting to complete the three rounds of concentration and drinking needed to join the brotherhood he was busy projectile vomiting just behind her. When he had finished he washed his mouth out and carried on drinking for the rest of the on-on.

The Best and the Worst of 2011

Blonde of the Year

GM Emeritus Biggles

For trying to go to InterScandic in Dublin, and leveaing *ET* at the gate to the plane. Since *ET* is from China, she only have visa to the Schengen countrys. Irland is not part of the Schengen country, so she could not go. So *GM Emeritus Biggles* had to leave the plane, and go home with *ET*.

Run of the Year

1847 2011-09-26 Dan Turèll Memorial IKEA P-plads på Brogårdsvej
Ib *Not the 9 O'clock News* Søby

Worst Run of the Year

1849 2011-10-08 *GM Emeritus Codpiece* Ebberød, Biskop Svanes Vej 54, 3460 Birkerød.
In this area we have had a lot of good runs, but not this time. The hare got lost, when setting the trail. He has no GPS, no compas and no sence of direction in the forest. So we crossed the trail 4-7 times. Using the same path more than once.

Drunk of the Year

Thunderpiss

Thunderpiss went to EuroHash, Mekong IndoChina and InterScandic this year, and at every event *Thunderpiss* was drunk.

Best On On of the Year

1826 2011-05-30 *Dirty Drawers* Pilehøjvej, 2750 Ballerup

HashShit of the Year

Ib von Täinen

Sending a e-mail to the GM, saying that *Casino Royale* is not comming to the christmas party. At the same time the commite got a e-mail from the Haberdash saying that she had recived money from *Casino Royale* for the christmas party.

Best Event of the Year

Sir William (*GM Emeritus Biggles* got it)

Because he get up from his grave just around the time around Halloween and just when CH3 has one of it's runs in that area. Also because som strange happend to *GM Emeritus Biggles'* house around that time. From being a allmost normal house like the many others around it, the house is transformed into a Halloween-style house.

Most Runs of the Year

Mr. Petit – 58 runs.

Most Hares of the Year

GM Emeritus Mr. Petit 64 runs

Flagpole 16 runs

Drunk of the Year

Harry Potter - for her shenanigans at the CH3 birthday party that also earned her a hash name.

Rookie of The Year

Just Simge 2019 - for co-haring her fifth run ever, even though she was not able to attend the run itself - and for good hashing spirit from day 1.

Best Run of the Year

2323 2019-05-13 *Wham* Karlstrup Klakgrav, Karlstrup

Worst Run of the Year

2328 2019-06-17 *Sex Machine*
Pepper Ronni Flintholm Station, Vanløse

Where everybody got lost and no hasher found the whole trail.

Best T of the Year

2346 2019-09-23 *Not the 9 O'clock News* Hareskov Station, Hareskovby
The Redemption Run in Hareskoven for a nicely placed T that made the pack go through a scenic area twice.

Virgin Territory

2327 2019-06-10 *Flagpole* Mårum Station, Grib Skov
2336 2019-07-29 *GM Emeritus Red Carpet* Borup Station, Borup
2339 2019-08-05 *Flagpole* Måløv Station, Måløv
Deep and Smelly Penetration

The virgin territory award was based on the area that the trail went through rather than new run start locations of which there were many more.

Drink Stop of the Year

2329 2019-06-24 *Not the 9 O'clock News* Hareskov Station, Hareskovby
Crack One Open

When hashers lost on trail walked by the Skovlyst Brewery and decided to make an impromptu DS. The whole pack missed the actual DS planned by the hares.

Check of the Year

2347 2019-09-30 *Smallpox* Kongens Nytorv, København
There were no checks on the trail at all, but the run itself had the form of a huge check as it followed the newly opened metro line.

Sponsor of the Year

GM Emeritus French Disconnection - who paid 50 DKK for a run even though she pays quarterly.

Copenhagen Hash House Harriers

Runs per Year 1980 – 2021

Running once a week should give 52 runs per year – no less no more. But since 1985 special occasion runs, Hangover Runs and weekend hashing has driven the number of runs per year to the range of 60 – 65 with 2004 peaking at 69 runs.

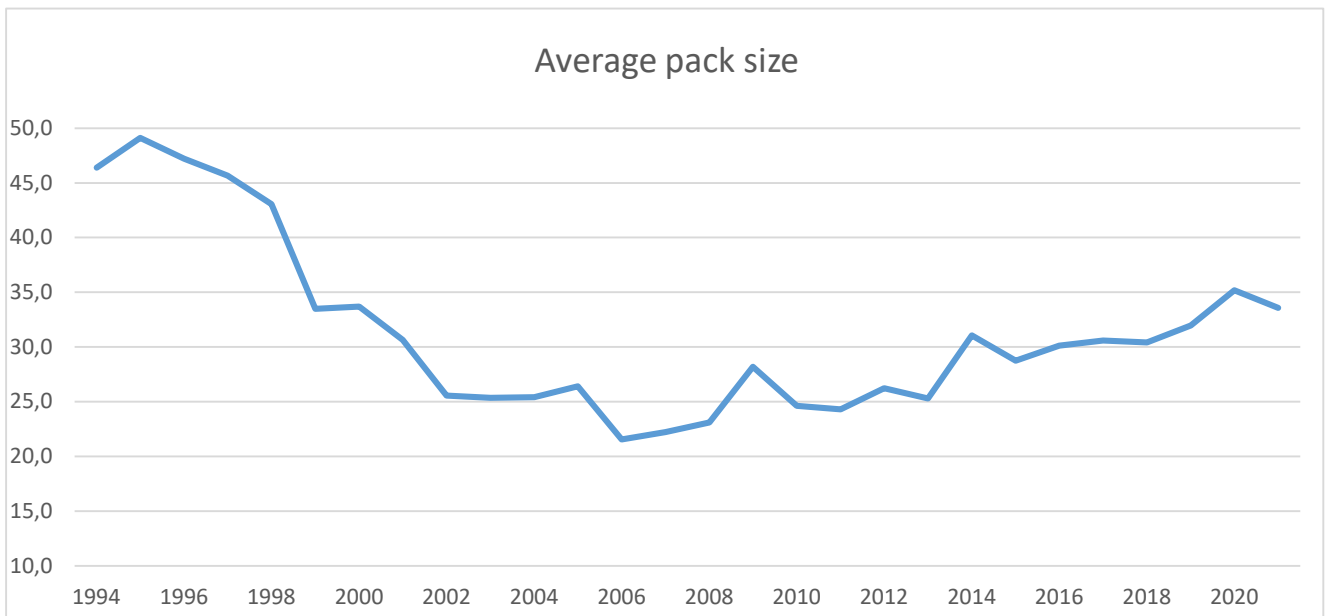

2020 is low due to corona restrictions.

Average pack Size 1994 – 2021

Good registration records exist for runs since 1994. This makes it possible to make statistics based on the individual years. Whilst the size of the pack varies between years it varies much more within each year. The size of the pack often depends on the weather and in certain cases who the hare is. It is hard to find substantial variations over the seasons of the year.

The registrations cover only members, loopsters and youngsters. Guests and visitors are not always included nor absent minded hashers.

Hashers, the Stories Behind the Hash Names and Statistics

The statistics are per March 15th 2022.

The Hashers below comply with one or more of the following conditions:

- Member per March 15th 2022.
- Hasher with a hash name where the story is told.
- Has been hare or co-hare for one or more runs.
- Former member of CH₃ with more than 10 runs, (if data is available).
- Adult Mismanagement members.

Run lists for the runs 1-154, 466-516, 566-576, 677-716 and 757-today are available. As some of the run lists include accumulated counting of runs, the missing run sheets have virtually no impact on the coun for currently active Hashers. Some of the older Hashers have made a count of their own, and these are included. The run list starting with run 757 includes the accumulated count for past runs, and as such the counts for old active Hashers of today should be fairly accurate. An * after the no of runs indicates that the counting might be incomplete.

I have tried, where possible to find the names, in the run list and in the rehash, of the hares and co-hares that laid the runs. From 1997 and onwards is this information is available in records from the actual runs and events.

Photos are included when available in an acceptable quality (Photographically speaking – of course) and the year of the photo is included if available.

<p>One of the oldest Hashers in the club, and not just physically. His Danish name Claes, sounds very much like class. He drives a first-class cat, lives in a first-class house – but when it comes to hash and running shoes – he selects second-class gear. Hence, he can only be a second-class Hasher.</p> <p>Claes <i>2nd Class</i> was Hash Horn in 1984. Religious Advisor in 1988. Grand Master in 1999. Brewmeister in 2002. Religious Advisor April – December 2002 and Religious Advisor January – April 2006.</p>			54

<p>Probably quite intentionally by the name giver, this name might give all sorts of associations to the dirty minds of some people, especially hashers. However, the background story is that some of us hashers attended a quiz night, which had a fairly complicated mathematical function which had to be analysed. Having solved the challenge successfully, we won the team prize of 6 litres of beer. <i>Highland Fling</i>, who was on our quiz team, figured out that being the one behind this achievement, I was a mathematician and that my hash name would have to be a name with numbers. By sheer coincidence she came up with the number <i>69</i>; so actually, it is just a random number – innit?</p> <p><i>69</i> was Hash Sec in 2008.</p>			10

9 Balls (Testicle)		341	31

 Christened *Testicle* by *Party Prick* at CH₃ 1992-04-05 and *9 Balls* by *Thunderpiss* at CH₃ 2001-02-24

This happened at the West Zealand H₃ 100th event, where Klaus stole a wooden ball from a stair case railing in the famous down town hotel. He brought it out of the hotel hidden in his pants where his balls were supposed to be. Since he only stole *one* ball Klaus could not be named *Testicles*.

9 Balls decided in the beginning of 2001 to change his first name to Niklaus (9 Klaus). *Thunderpiss* felt, that this change had to be reflected in his hash name. And now, with a “9” in his first name, what would be a better hash name than *9 Balls*.

2016 *9 Balls* was Hash Aid in 1993 and Hash Sponsor in 1994 and 1995.

Absent Friend (PeeWee)		85	5
-------------------------------	--	----	---

 Christened by *Bogey* at CH₃ 1994 as *PeeWee* and by *Mustafa the Swede* at CH₃ 1996-08-05 as *Absent Friend*.

On seeing his newly elected RA lying broken, bruised and helpless – smoke rising from his burnt-out pacemaker as three ravishing CH₃ beauties engaged in dragging him off, to be further abused in that utterly degrading and disgusting practice known as “Dancing” – and – on hearing the feeble call for help, which aforesaid RA had mustered his last few ounces of strength to issue, this Good Samaritan stopped dead in his tracks – and, turning to look upon the suffering victim with sincere compassion said: “Just a mo’ – I have to have a pee!” After which he disappeared directly into the Gentlemen’s recreational facilities, and did not come out for a long, long time. (This Hash also bears the name “Viking Wanker’s”.)

1995 What on earth would have happened if the Good Samaritan of the bible had reacted thus? He would, of course, have fucked up the entire story. Because, by the time he got back, the poor beggar by the roadside would have been stone dead – and – no victim, no story. Brother Barry has been known under the name of *PeeWee*. It was a name he was ashamed to carry, as he believed it referred to his private parts. It obviously takes balls to carry a name like *PeeWee*, so Brother Barry got a name more accurately describing his ownership of the same. *Absent Friend* was Rehash Raiser in 1995.

Christened by *Party Prick* and *Condom* at CH₃ 1993-01-30

Stood in the circle on a bitterly cold, windy day – with a plastic bag with eyeholes in it covering his head (to keep his ears warm). The terrorist *Abul Nidal* had been in the news recently – and Henrik scored his name.

Abul Nidal was Hash Horn in 1993.

<i>Against Nature</i>		2021-05-31	24	1
	Christened by <i>Urine Trouble</i> at CH ₃ 2021-08-09			
2021	Hailing from the far away nature strong hold of New Zealand just Helen does a great job of battling against nature. A natural creature of the night her presence in daylight requires copious amounts of sunscreen. She enjoys spending a decent amount of time on the dirt tripping over trails and her lack of knowledge of what northern hemisphere nettles look likes means she is frequently nursing her highly reactive pasty skin. From the land with far more sheep and cows than people she does her best to connect with her kinsmen here in Denmark however not all the nature animals are interested in her loving attention. An easy victim for nature to punish she keeps coming back for more even when the wasps only picking her out to sting. <i>Arise Against Nature!</i>			
	The name is what many would think to be very opposite of what a kiwi would be, but it is also surprisingly accurate.			
	<i>Against Nature</i> was Hash Tech in 2022.

2015	Being at the right place at the right time is what succeeded for Jim to bee. The famous Paul Hogan was playing Crocodile Dundee in the Danish movie theatres, and soon became Jim <i>Alligator Dundee</i> . Till this day he has not the faintest idea what caused the honour.			
	<i>Alligator Dundee</i> was Hash Flash from January to March 1990 and Brewmeister in 2001. He was Amb-Hash-ador in 2005, Grand Master in 2011 and Hash Cash 2019-2020.			
<i>Always Ultra</i>			62	
	Christened by <i>Bogey</i> at CH ₃ 1994			
	Rumour says that the Hash of Gibraltar (a super macho all male crowd who are sometimes graced with this brother's presence) were going to name him, but since they appear even slower than our very own RA, he decided to do it. Those Gibraltese are known to run around in shiny black skin-tight leather pants with rhinestone trim, not a bad idea amidst the briars and the brambles. Alas, poor Danish Peter ran in nothing but shorts and got scratched up all over. When Aloysius and Fauntleroy et. al, noticed the blood running down the legs, they rushed to their handbags and found what they deemed to be a remedy for his plight. They also agreed that the name of this remedy should become his hash name too!			
<i>Apparently Pregnant</i>		2013-09-28	74	9
	Christened by Karin <i>Bird in the Bush</i> Harvey May 2006 at Yangan H ₃			
2014	A red dress run was on in the month of May, and Karl wisely did borrow a red dress from his wife Tania. But was it wise? During the run the dress became permanently out of shape... stretch marks in the abdominal region due to too much pressure from the inside. Hence Karl was <i>Apparently Pregnant</i> .

In the West Zealand Hash, the person who makes a stupid thing has to run with a plastic-leg in his hand. During the 50th run weekend in West Zealand Kent was competing in stupid activities with the crazy Aarhus Hash. One day he succeeded to get the plastic-leg, because the night before (after the party) he was found vomiting ("baarf, baaarf") in his sleeping bag. Poor guy – he shall be known as *Barf* the rest of his hash-days.

Barf was Hash Horn in 1992.

It is no wonder that the hash name *Bassil* came across when you have John Cleese and Fawlty Towers in mind.

Bassil was Hash Horn in 1987 and from November to December 1988. He was Grand Master from January to September 1990.

	Christened by <i>Butthead</i> at CH ₃ 1998-05-11 Sister Hilde is not only in her majesty army defending Denmark by all means, she is also modelling in commercials and TV programs for and about the army. As we all know the Danish soldiers is special vicious and harsh, which is now underlined throughout the campaign for new officers showing that they should look like lions and gazelles. Being part of this unnaturally way of life Sister Hilde was named <i>Beastiality</i> .

	Christened <i>Beer Jerky</i> by <i>Codpiece</i> at CH ₃ 2005-12-03 Virgin Stephen came over to Copenhagen with 3 of his friends from Milton Keynes. This was his first hash ever and when asked why he hadn't hashed with his friends in Milton Keynes he told us that he didn't want to join the hash until he had a proper hash name (a bit like the chicken-and-egg, which comes first?). So a small task force was set up to monitor Virgin Stephen for any odd behaviour. And sure enough, at the beer stop he not only manages to squirt/spill most of his beer but he also smashes the bottle. And so brother Stephen will be known in the hash community as <i>Beer Jerky</i> .

Louise has been running with the Copenhagen HASH since she was born. It was time for a HASH name.

Biggles (Rubber Duck)		1992-08-24	1183	158
	Christened <i>Rubber Duck</i> by <i>Sodbuster</i> 1994-10-14 at Lyngby H ₃ and <i>Biggles</i> by <i>Sir John</i> at CH ₃ 1995-01-22 This name was giving on account of the queer, quacking noises emanating from somewhere in the robes. This crazy noise was used instead of the traditionally On On-call in the Lyngby Hash. At the same time Palle always searched for waterholes at the runs (as he still do in CH ₃), in order to communicate with the real ducks with this crazy noise. Run after run passed by! No duck would degrade himself to answer his silly noise! So, in the end he had to realise that the ducks would never accept him as a friend. Suffering from a deep mental depression he brought his own yellow Rubber Duck Toy! So therefore, he was given the name <i>Rubber Duck</i> ! Performed during the Hangover Run down downs of our run 700 weekend. Palle with the obtuse hash name of <i>Rubber Duck</i> was baptised by <i>Sir John</i> . It had been noticed that he always, still does, hashes with a propeller on top of his cap. It was even more confirmed that he is under the impression that he is a fighter pilot, when <i>Cinderella</i> reported: The very first time they had gone to bed together he suddenly lighted a match and started to set fire to her pubic hair. What the hell are you doing, said <i>Cinderella</i> ? Baby, when I go down, I always go down in flames, said Palle. What other name could he possibly be given but... <i>Biggles</i> ! (British First World War fighter ace – shoot down more German planes than any other pilot). There are no Hollywood films about him (the old Biggles, not the new one) because he was not American, so therefore never existed. <i>Biggles</i> was Assistant Haberdash from August to December 1998 and Haberdash in 1999. He was Hare Raiser in 2003, Master of Ceremonies in 2005 and Grand Master in 2009. He was Hare Raiser in 2013 and Haberdash in 2015, 2016 and 2019. In 2021 he was appointed Haberdash for the Decade.

	Christened by <i>Pop Eye</i> at CH ₃ 2004-08-14			
2004	Out at <i>Public Hare & Pop Eye's</i> lovely summerhouse, in an old brown coal field, some Hashers has decided to spend a good weekend together with a lot of beer in this nice countryside of the dark, dark Jutland. Brother <i>Ib von Täinen's</i> mother decided to joint us fellow Copenhagen Hashers on this weekend, and it is now the story of name starts. The weather was nice and a fantastic run was set, in this old giant old brown coal field, never used after the 2. World war. The run was set through hills and lakes and fields and some wild flowers and berry fields. We were all running through some very steep hills downhill, and here Brother <i>Ib's</i> mom was gliding/sliding on her bum down the hills, not recognising that the vegetation was bushes of blackberries and grass. Down the hill, her white running pants was not white any more, but blacker and greener after the berries and the grass sliding tour, so at the circle Brother <i>Pop Eye</i> christened her <i>Blackberry</i> .

2002	At the 777 Run, the RA and MC were dutifully testing the holy water all day long, and now, in the evening, all the MC wanted was to enjoy the moonlight in peace and quiet, when along came this sister and filled his ears with blah blah blah, chitter chatter, blah blah blah, giggle giggle, yak yak, blah blah blah! In an attempt to cure his developing headache, the MC wandered off to a blasting music machine, relaxed until – his ears were filled again with blah blah blah, etc. etc. from this sister. Finally giving up hope of peace, the weary MC attempted to get to sleep, only to have great difficulty with the zipper on his sleeping bag. As he lay quietly wrestling with it, a helping hand reached out to help him, accompanied by a cheerful blah blah blah, giggle giggle, chitter chatter, blah blah blah! What another name could there be for this sister?

1996	The fashionable way to stay forever young during the middle ages was to bathe in blood, preferably from young, innocent virgins. Sister Anette, usually relaxing with a bath and a glass of wine after the Hash Runs, runs the constant risk of falling asleep and dropping the wineglass into the water. It would give her bath the look, if maybe not the effect, of a true medieval blood bath.

2000	Who might this transplant from Northern Jutland be? And how did <i>Bodyguard</i> get this hash name? Well, nobody seems to remember the origin of that name. Especially not himself who seems to have learnt too much from the CNN news: "I do not remember" or "What do you exactly mean when you say body-guard?" It seems that our fellow Hasher mistakenly interfered into the daily rituals the local inhabitants of the Danish fisher town, Aså. Yes, you're right, the name is the town is pretty simple and so is the behaviour of the local fisherman: "Don't mess with Aså or we'll mess ya up". Actually, the latest science reports show that the Texans are second generations Aså'ians! Anyway, Palle claimed the usual Hasher's right to a chair on the local bar that was still warm from a fisherman who'd just went out for a leak. Well, the chair was close to the bar and Palle sat down and began ordering beer. WRONG MOVE! DON'T CLAIM THE RIGHT TO SIT ON A FISHERMAN'S CHAIR! Well, the interviews in Aså did not reveal the end of the story but it seems that most body parts of <i>Bodyguard</i> survived.

	Christened by <i>Codpiece</i> 2003-01-17 at Copenhagen Howlin H ₃ It is a principle of the CH ₃ and CH ₄ not to rename Hashers, but when we are provoked enough – enough is enough. We have tried everything: 1 Leavers T-shirt, 2 Farewell parties and umpteen leavers and returnees down downs. Nothing seems to work, she keeps coming back. In nature there are several things that are difficult getting rid of: A booger can take ages to flick off your finger. A boomerang keeps coming back as well. And since the leaver in question is indeed from Down Under, she was duly renamed at one of her many leavers-hashes, so the Harriet formerly known as STTI will from this day be known as <i>Boogerang</i> .

Bubbles		1994-04-18	47	
	Christened by <i>Bogey</i> at CH ₃ 1994 While flicking through an ad-catalogue the other day, the RA's attention was caught by an advertisement for a Jacuzzi bath – one of these new-fangled contraptions with strong jets of “massaging” water and lots of tickled little bubbles! Well – what actually caught his eye was the person who was sitting in the bath – right in the middle of the picture! One could see by the stiff smile on the face of the model sitting on the edge of the bath, that the person sitting in the bath was not supposed to be there during the photo session – but they just couldn't get her to get out! That's because Sister Jenny's greatest passion is the Jacuzzi. As she also has a vivacious and “bubbly” temperament, there was no doubt in the RA's mind.

BumBurst		1997-11-01	15	1
	Christened by <i>Butthead</i> at CH ₃ 1998-12-12 The brotherhood between <i>Pretty Boy</i> and his younger brother (Rasmus) makes Cain and Abel look like lovers. <i>Pretty Boy</i> has always loved his Tuxedo but at his own wedding he was forced by his father to rent the traditional wedding dress for the occasion. Rasmus was, as always, short of money and begged his older brother to borrow his otherwise unused tuxedo. <i>Pretty Boy</i> remembering how Rasmus in his younger day had demolished <i>Pretty Boy's</i> car was afraid to lend out his precious and beloved Tuxedo, but as it was his wedding day and all, he agreed. Rasmus was so excited the day before the wedding that he consumed three plated of his favourite food, fried cabbage and onion with a six pack of strong beer. That night Rasmus and his stomach did not come to terms. The next morning Rasmus discovered that world war III had started in his stomach, and that this war was going to be a war on chemical weapons. Entering the church, he started pressing his behind together. This press had to be building up and up as the ceremony went on. Leaving the church with the other Hashers, to line up for outgoing newly married couple, his personal power was gone and just outside he had to let it go. And go it did. With a sound of a thunder crash and the wind of a typhoon, which made the leaves fall from the trees and the birds falling down from the sky, it bursts out of his bum. It came out so violently that the tuxedo trousers had to give up, leaving a hole in the trousers from the belt at the back to his private part on the other side. For the rest of that day and evening you could only see him sitting or standing close to any convenience wall. Hash name: <i>BumBurst</i> .

Bushwacker		1994	*	
Christened by <i>Bogey</i> at CH ₃ 1994 She is an anatomical marvel (if not an outright physical miracle). The RA has confirmed with the Great Hashup that she was assembled with 2 right hands, 2 hearts and a bird as well as a bush! (This means that she can both fall in love with herself and consummate the relationship if she feels so inclined.) This explains why, when the MC asked the male visitors to place their right hands on the box, this sister's other right hand flew down to her box too! Gently, the MC explained that ladies are supposed to put their right hands over their hearts. Immediately, he other right hand flew up to her other heart. Again, gently, the MC helped her place her right right hand over her left heart. But what really sticks in the mind is the speed with which her hand flew down to her box: Whack! Just like that! One could almost get the impression that something was on fire down there!

Suddenly he jumps in a telephone box to make his call, but forgot to consider how his fellow Hashers would spend the time in the meantime. 	Christened by <i>Escort Required</i> at CH ₃ 2020-06-08 During the Corona crisis of 2020 CH ₃ runs were suspended, and CRH ₃ took over. When the 10th CRH ₃ run came about, it was decided to break from tradition and make it a proper group run with a real circle – but with a limited number of participants. The night before the run, a few of the hashers camped out and while sitting around the campfire, and sharing a drink or two – or maybe three or four – Just Helen fell asleep mid-sentence. At this point the other hashers realized that she may be slightly drunk. They put a blanket over her and she kept sleeping for about 40 minutes when she woke up and completed the conversation that she left behind before the nap as if nothing had happened. The day after at the big run #10, Just Helen made it about 120 meters into trail before she had to throw up. She then threw up about every 400 meters for the rest of the trail, but still completed trail like a true harriette! We had witnessed the birth of the amazing <i>Chunder Woman</i> . <i>Chunder Woman</i> was Hash Tech in 2021.

	Christened by <i>Sodbuster</i> January 1995 at Lyngby H ₃ Jane tells: <i>Biggles</i> set the run, and it was a real <i>Biggles</i> run. It was a snowy day and the underground was very wet and muddy. We had to crawl through the undergrowth, climb the slopes, balance through the marsh, walk tightropes on logs over streams and jump over ditches full of water. The wetter and wilder the better! And then it happened: I had to jump over a ditch. I managed to jump over the water, but, but but... The place I landed was very soft and muddy. I sank into the mud to my knees! And I was just stocked! When I tried to get my legs free of the mud, I lost one shoe! With a little help from others Hashers; we managed to dig the shoe free of the mud! And the RA gave me the name of <i>Cinderella</i> because of the lost and found shoe!

CMAC		2004-10-30	78	5
	Christened by <i>Dr. Evil</i> at CH ₃ 2005-03-26 Three weeks ago, on the Hash run. Bente wanted to show off her car during the Hash run but instead of appreciation she got a down down for illegal parking. Shortly after Bente got another down down because she could not start the car having forgotten to check and fill up the liquid tank. The car was in a miserable state of disrepair. Actually, the car had been mistreated to the point of pure vandalism, maybe as a result of severe and deliberate auto sadism. Believe it or not. The following Saturday when Bente returned to the Hash all that was left of the car was the license plate. Fortunately, <i>Biggles</i> , our MC, took over the poor remnants of the car (the license plate). If not, it is likely that there would have been nothing left to prove the car had ever existed. As a curiosity the two letters on Bente's license plate was XU which stands for False trail and U-turn. What do you make of that? The best is yet to come. Recently on a Full Moon Hash Bente was seen shooting photos of men's arses together with a reputed psychotic Harriet. What she was going to use those photos for is anybody's guess. Are male Full Moon Hasher's arses now up for grabs and to be posted on the net? Last but not least we learned that Bente signed up for the Oslo cruise by the name TBA. When asked what that meant Bente could not, or would not say. The Full Moon Quintet (<i>Ib von Täinen</i> , <i>Hard On</i> , <i>Red Carpet</i> , <i>Codpiece</i> and <i>Mind your Nuts</i>) suggested that TBA might stand for The Bumper Arse, thus referring to the episode with her car and her sly Full Moon Ass photo session. It was high time to set things straight. Therefore, on today's hash at West Amager Bente was duly named <i>CMAC</i> , which is short for <i>Car Molester, Arse Collector</i> . <i>CMAC</i> was Jointee in 2006.

	Christened by <i>Sodbuster</i> at Lyngby H3 December 1994 Eyðbjørn is coming from the Faeroes, where cod fishing is a major industry. The name is also that of a small, lace-up leather cup used to cover the crotch of men's pants in medieval times (before the zipper was invented). So, it is very interesting thought – what did <i>Sodbuster</i> really have in mind? Eyðbjørn has earned another nickname too. When he attended the Warsaw 666 weekend in April 1996 he was heard shouting <i>Je Biegam Fo Piwo</i> (I run for beer) all over Warsaw. No doubt that was the truth, and <i>Piwo</i> became his nickname.

ComeBack			360	19
	Christened by <i>Bogey</i> at CH3 1994 He came in first in his group in the '93 Grib Skov run and never breathed a word to his fellow Hashers. Why? Because of his natural inborn modesty? No – because the group he had come first in was for men between 65 and 70! This man has been deceiving us all by looking as if he was under 25! He must have one hell of a plastic surgeon and he must have had one hell of a facelift too – in fact, his dick must be situated somewhere between his shoulder blades by now. No wonder he's always smarting around women trying to get them to massage his back! Facelifts do however have one extremely unfortunate side effect – acute premature ejaculation. At the tiniest whiff of perfume, the old pistol goes off. It's not just manly perspiration on that back!

	Christened by <i>Sex Machine</i> at CH3 2019-06-24 Here's the naming story for <i>Crack One Open</i> : 1. At the end of a circle Gosia kicked the can in such a way that it exploded mid-air. Quite spectacularly. 2. She dropped a phone under a wooden grill at a water bus stop. She got <i>Pepper Ronni</i> to travel across town to help her unscrew the grills so that she could retrieve the phone, only to discover, once they finished unscrewing, that the grill was in fact a trap door that could've been lifted.			
2019	So the two incidents combined led to her being named <i>Crack One Open</i> . <i>Crack One Open</i> was Verger in 2020 and Religious Advisor in 2021.

Yes, we had a naming at the “Roskilde Night Wank with the Vikings” run! At one of the event stops, a group of fencers were displaying their noble art of fencing. Good fun for the pack, seeing a couple of lads in white garments trying to poke a hole in each other. Best as we were about to leave the scenery, in steps one of our own, none less than the usually calm Annette, into the arena, a big smile lurking behind the mask, dressed for fight. It turned out that it had been a long-time dream for Annette to try out fencing, and some aggressive on-spot persuasion finally gave her the opportunity.

Annette started out against one of the instructors; the battle was rather calm as the instructor did a good job of pointing out all the moves one by one. All of a sudden, this dozing duel was simply too much for *Pop Eye*. He quickly got dressed in proper manners, grabbed an e'pe'e (that's what the sword is called in fencing), and buffed the instructor out of the arena. All of a sudden, a stalwart duel started. This was like watching the three musketeers live, well, more like watching 17th century British bandits judging by the dirty tricks played during the match. Annette really did a good job fighting *Pop Eye*, scoring several points, and a new hash name was born; the Copenhagen bunch had their own impression of the 80's TV-star Dick Turpin. Dick would have been a great name for a girl, but as Annette actually possess just a little more grace than the TV model, she was given the name: *Daisy Turpin*.

Daisy Turpin was Haberdash January – June 2001.

Yvonne was a member of the Guadiaro Hash House Harriers in southern Spain in the late 80'ies. There were no other Danish members, so it became quite natural to call her *Danish Bacon*, especially as she was always running in extremely short shorts and had very tanned legs.

At the christening, however, she was named *Rasher*, which surprised her, but she continued to be called *Danish Bacon* and later just *Bacon*.

Danish Bacon was Hash Flash in 2001.

“For me it all started back in 1989 in Jakarta where I joined the Jakarta Harriet's, TGIF and Batavia H₃ Hoons. On the Batavia Hash you get your hash name when you reach run no. 10. It took quite some time to qualify for that honour due to the fact that the “unmentionables” (women) are only allowed to join the “real” Hashers (men) once a month. On that particular day of the month the runs are extremely long and tough with the aim to scare away the “unmentionables”. I was given the name *Danish Blue* on the same day as Batavia celebrated its 200 runs in the beautiful area of Puncak. It seemed that this event made everybody forget about me having achieved 10 runs. The traditional Batavia way of christening Hashers starts with Hashers suggesting different glamorous names followed by the well-known democratic hash procedures which means that the congregation is screaming and voting for the naughtiest name suggested. However, those procedures were completely disregarded in my case. I was just dragged into circle by *RubHerLipst* who without any discussion just gave me the name *Danish Blue*. In a way I'm very grateful to *RubHerLipst*. I don't have the imagination to guess the result of what might have happened otherwise!”

Danish Blue was Grand Mistress in 1998.

	Christened by <i>Escort Required</i> at CH ₃ 2020-06-08 During the Corona crisis of 2020 a number of small campouts were arranged to keep up the spirits of the hashers. At one such campout Escort Required, who was RA, slept outside under the stars. He was woken up when Just Simon bumped into him, and as he looked up he realized that Just Simon intended to take a pee in that exact location. A bit of loud yelling fixed it though. Two weeks after, when about nine hashers had been at the park, and then took refuge from the rain at the RA’s residence Just Simon went downstairs to smoke. When he came up again he opened the front door, briefly wondered why a French bulldog was greeting him, when he clearly remembered cats in the apartment when he left, but nevertheless walked in ... to the downstairs neighbor. At this point it was pretty clear that Just Simon might be <i>Dazed and Confused</i> .

De Terminator			14	
Christened by <i>Bogey</i> at CH ₃ 1994 At times, Brother Dave reminds the RA of a certain famous Austrian gentleman. By way of explanation, the person he has in mind is a certain Austrian mutation, who went to Hollywood and made it big in films. His films are particularly popular as a result of their scintillating dialogue; e.g. “Ged out of my vay, punk!”; “Nize boy”; “Nize lady”. (Yes – he doesn’t seem to have got to the point of differentiating between boys and ladies yet – or maybe he just doesn’t believe in narrowing down the field!) Now, before you start deciding which of the RA’s legs to break first Brother Dave, let me hasten to add that the comparison I am making has nothing to do with either mental capacity or degree of physical over-development – as you obviously have plenty of the former and do not suffer from the latter. The similarity lies solely in a particular air you both have about you. A certain quiet air of capability and....determination.

Strange things happen out in Hong Kong. An international environment with no understanding of what it really means to be international. The MC at Kowloon H₃ believed that the article “Der” was Danish! Grow up man; it only takes a throat complaint to learn Danish. Nevertheless, he has well informed about that the company Tulip was exporting the Danish red sausage. We all know, that after a day in the sun Kaj looks like a Danish red sausage. And the question left is only if it was the red sausage or Kaj’s appetite for the same which led to naming him *Der Tulip Eater*.

Der Tulip Eater was one of the four founding fathers of CH₃.

It was out there in the middle of no ware with never ending straight forest roads where the law was in the hands of the highwaymen. This reminded us about the fearless Dick Turpin (who was known from our childhoods TV looking on the Saturday afternoon).

This was by far not so innocent. Kristian had his own distinct brand. A pink stripe on his trousers. We were all shivering, and the RA decided that something had to be done before this evolved to a complete lawless situation. A christening was the only solution.

Dick Turpin would have been a too simple solution, and what would the old highwayman have said? The thought was unbearable... but maybe Mr. Turpin anyway would feel a little bit flattered if someone was named in his memory? The RA took the chance without considering the consequences. But the brand of Kristian had to be considered. Therefore, Kristian was christened *Dick Purple*.

Dirty Drawers		2009-04-05	318	9
	Christened by <i>Fire N' da Ho'</i> 2009-06-07 at Harriets.dk Ulla was named on the 12 th Harriett's run held in Helsingør. The Run was set in Heather Hills and at one point in the run; the trail went down a fairly steep hill through wild roses. While all the rest of the Harriett's gathered at the top of the hill trying to assess the best path and if they wanted to go down- Ulla threw herself down, plunged through the rose bushes and slid the last half of the hill on her bottom getting a nice skid mark for her troubles. When we got back to the Venue, which was under construction and after a comment from the host that nothing in the house could be damaged, Dirty drawers for some inexplicable reason that not even she was able to give, opened the drawers containing the clean pots and pans and emptied the garbage into the drawers while the stunned Harriett's looked on. So the combination of the two events, earned her the name as <i>Dirty Drawers</i> .

Dis-Gusti		1999-05-17	64	4
	Christened by <i>Biggles</i> at CH ₃ 1999-11-20 Since his entrance in the CH ₃ , everything about him was very disgusting. He looks like a Viking, and for a long time he tried to convince everybody that Viking should be his name. But... stealing another Hashers name is very disgusting! At many runs he started out together with the rest of the pack, but after a few yards, he suddenly disappeared. But of course, he always showed up again for the beer drinking in the end of the run – disgusting! When he gets a down down, he empties the horn completely; he even tries to twist the horn in order to press out the last drops of beer! Disgusting! But the most disgusting action happened at a <i>fool</i> moon run, where he got so drunk that he entered a container in order to take a nap. Disgusting! But waking up again after a little while, he couldn't find his way out of the container! More Disgusting! As the poor fellow already is christened Gusti by his parents, (they must have known that this innocent baby should develop to a very disgusting Viking), there is only one natural Hash name for this guy: <i>Dis-Gusti</i> !

Dolly's Delight		2000-07-31	29	2
	Christened by <i>Sea-Xplanation</i> at CH ₃ 2001-12-02 Dolly was a happy ewe, shaped a bit like a children's hat for cold seasons. You should have seen Dolly on the 2 nd of December. Not only did she get to come, her handsome owner Frank brought her along. Dolly was placed on the top of Franks head, feeling good, and nodding politely to all the other hats brought along that day. So far, a good day, but not yet one for the history books – until the run started! It was cold and windy, not weather for neither man nor beast. Dolly was freezing her butt off. So was Frank. So Frank deliberately decided to tug his head so far up Dolly's butt he could, and see, a smile like never before appeared on Dolly's face. On such a cold day, Frank was no doubt <i>Dolly's Delight</i> .

This young brave new Hasher had appeared in our midst, and with his behaviour I could tell he was aiming to get baptised during the ski-trip 2000. First, he got so drunk, and he spilled wine all over the rest of the Hashers on the trip down – I thought of naming him Spillage. But then, during the trip, he displayed his great abilities of skiing while drunk. On one occasion, he tried to warn some Hashers of the dangers on the mountain, while he himself, drunk as a skunk, dived right into a snow pile! It was a clear case, so Morten will forever in the Hash tribe and ever after in the happy hunting grounds be known as <i>Drunk Diver</i> .

Once there was a young Harriet, whose 25th birthday was soon to come. She rejoiced and decided to invite round about 30 Hashers to her birthday party. Now this Harriet was the sort of girl, who was always busy doing this and that, (or in other words, she didn't have her shit together), and come 2 days before the party, she still hadn't bought the food for the party. So she decided to sit down and try and figure out, what she should go out and buy... Well, her mummy had told her, that 1 person usually eats something like 250 g. of meat, so 250 g times 30 people, figured the Harriet, must add up to right around 70 kilos of meat... The Harriet panicked and was just about to call 3x34 to rent a car to carry all this meat. Well she surely couldn't handle the shopping on her bike!!

Well, as you can all hear, this Harriet had a knack for calculating. So much, in fact, it reminded *Sir John*, of his old friend, Einstein. And so it came to be, that the Harriet was named *Einstein*.

Einstein was Hare Raiser in 1997 and was HashSec and Hash Flash in 2000.

Elephant Cook			262	10

Peter is an old CH₃ Hasher – so old, that his hash name origins from the time before we began with the formal christening ceremony. But the store is very good anyway. Peter has always been an exhibitionist. And all the hash parties were a perfect stage. One of Peter's favourites was stripping. Dancing around and ending up with only his very small “elephant panties” on. The front is an elephant face with a large trunk. Peter really was dreaming that someone would give him the hash name Elephant Cook – but no Peter, the product declaration was not right.

Peter is a cook, and he heard once that an elephant was dead in a Danish circus. And what is more natural than start searching for the dead elephant. It should be possible to serve a few steaks from such an animal. Phoning the entire Danish circus and ending at the Copenhagen Zoo to track the elephant. The people from the Zoo are always very positive when someone takes interest in the elephants, but Peter must have expressed himself wrongly. If it wasn't for the phone between them, another fatal tragedy had happened. Anyway, the elephant was destroyed with poison.

When Peter told the story, when he worked some years in Japan, to the Hashers in the Samurai H₃, they felt mercy for him and christened him *Elephant Cook*.

Elephant Cook was Hash Music in 1990 and 1995.

Or, since he bears a striking resemblance to Christian IV, how about King Christian? But since the King had only one eye and our brother has two, the RA was willing to correct the situation. Happily, he was dissuaded and left to ponder again. When the pack is hashing, there are front front runners, back front runners, front middles, middle middles, back middles, front backs, back backs, wheelchairs, broken legs, cats, dogs, chickens, ducks and geese, rats and mice – and then – Brother Christian! And this same brother is very fond of tender French flesh (watch out <i>French Disconnection</i>) – even if it does smell rather strongly of garlic! And, in the course of Copenhagen Jazz Week, he happened to meet this sister and Mein Kamps there quite a lot too. On the morning of the first day, they were both pasty-white office-pale, but by evening the sun had turned them both a truly delicate shade of pink. "They'll soon be a fine shade of brown", thought the RA – and herein lay the germ of an idea for a name. See, this lady called Eva Brown used to hang out with the original Mein Kamp – just as Sister Ulla hangs out with our Mein Kamps. So, all the RA had to do was wait for her to turn brown, and – bingo!			
	Well, the next day Mein Kamps had turned pinkish light brown and Sister Ulla – a true delicate shade of pink. A day later, Mein Kamps had become honey coloured and Sister Ulla – a truly delicate shade of pink. The next day Mein Kamps had become Colonel-Saunders-roast-chicken brown, and Sister Ulla – a truly delicate shade of pink. By the end of the week, Mein Kamps had a dark, nut-brown tan and Sister Ulla had turned – a truly delicate shade of pink.

2015	It was Interhash in Perth, Australia. And it was hot. Sparingly, scorching, scathingly hot. Mette felt that her blood was on the point of boiling and her skin would soon crackle up and peel away.			
	In the circle the hashers from Copenhagen H3 were being "recognised". To the one side <i>Calapso</i> sat on his block of ice, to the other <i>Thunderpiss</i> on his. Both smiling happily as their overheated bodies were cooled down "from the bottom up". But there were no more blocks of ice. No ice for Mette – and she felt about to explode from the heat!			
	Then – suddenly – the Australian circle-master had a stroke of genius. The cooler-tub of beer cans, filled as it was with cold water and chunks of ice was brought into the circle and placed between <i>Calapso</i> and <i>Thunderpiss</i> .			
	And to her utter relief, Mette was ordered to sit down in it. As she gratefully sank her "can" into the tub of cans, she thought: "Well, it's not going to cool off my entire body – but at least I'll get my fanny chilled,"

The name is a reference to Fanny Hill, the narrator and main character in a well-known English erotic novel from 1748: "Memoirs of a Woman of Pleasure". Nowadays the book is simply referred to as "Fanny Hill" – and if you say that name to almost any pubescent English schoolboy, you are almost bound to get a dirty leer out of him.

Fanny Chill was *Haberdash* from September 2009 to December 2010 and was *Verger* in 2019.

Jens has been running since dawn of the CH₃, and looking at his fair hair, one should really think that he is as old as Methuselah. On the other hand, knowing that two of his sons (*Pimpernel* and *Kasper*) have been running occasionally in the Hash (and who knows if there are five more sons?) he would then be slightly younger than Methuselah. Therefore, only one hash name is possible.

Father Abraham was Hare Raiser from July 1981 to March 1982. Grand Master 1997 and 2018. Hash Sec in 2003. He was Hare Raiser February – December 2010. Has since 2003 been responsible for run sheet and statistics for runs and hares.

Author of The Glorious History of Copenhagen Hash House Harriers.

Peter is a very quiet, softly spoken Irishman who has never been heard to swear. Now any fan of Father Ted knows that that the Irish have an extra level of punctuation not open to normal English speakers. Children, mothers, nuns and, of course, priests all use the word "Feck" as a verb, adverb, noun in fact almost any part of speech, yet Peter has never been heard to utter this cultural statement even once!

Add to this the fact that he was in Denmark without his wife for 18 months and you realise that in more ways than one poor Peter was without his Feck! So naturally there was only one name for him ... *Feckless*.

Feckless was *Verger* in 2014 and Religious Advisor in 2015.

Christened *Retired* in at CH₃ 1984-10-13 and *Fire Hose* by *Party Prick* at CH₃ 1992-05-25

In spring –84 Helge left Denmark for a job in England, and when he attended the Christmas Party in –85 some Hashers thought he was new to the CH₃. Helge tried to explain that he was old in the Hash, and that he had worked in England for a period of time, it soon became clear that he was *Retired*.

Helge earned the name *Fire Hose* at a run at Rådvaed. *Party Prick* was really abusing the pack and Helge got the fire extinguisher out of his car and then from the middle of the pack opened it up on *Party Prick*. All he saw was a huge white cloud coming at him. The first time everyone thought it was funny, the second time even more funny. *Party Prick* was totally covered in white dust from the extinguisher and he admitted to the crowd, he would like to give out

Christened by *Red Foreskin* 2005-08-06 at eATMe H₃

I was named on Sat. August 6th 2005 after a trail that I hared in College Station, Texas for the eATMe hash. The start of the trail was in a parking lot well known for being the location of the local working girls, or Ho's as they were called in the local vernacular. A very hot day in Texas and I was sitting on the tailgate of my pickup truck with a tank top and shorts waiting for the pack. I spotted a car with an On-On foot and waved them over. They would have been the first to arrive had they not driven past. They circled around a second time, I waved and yelled but again they drove past. The third time around, after other hashers had gathered, they stopped. When asked why they did not stop, they explained they thought I was one of the locals.

So, trail was laid and run then we convened at my house for the circle. Down downs were given-I had many for the trail. Food and Beer were brought out and the fire pit started. As I had gotten a wee bit tipsy from the down downs, I staggered and fell into the fire- dropping my beer in the process. Fire in the hole- yelled Yard Ralph- no the Ho' is in the fire! Yelled another. A naming- yelled *Red Foreskin*, who reconvened the circle. And in keeping with the local slang- I was christened *Fire N' da Ho'* (which was easier to say than Ho in the Fire or maybe it was a tribute to the embers lodged in my arse?) An entire 5 Kg of flour was dumped over my head and then I was liberally coated with beer. The spot in the backyard grew mould and took on a horrible smell. It took over a year for the grass to grow back.

Fire N' da Ho' was Haberdash from January to August 2009.

I looked around and saw all these fine youngsters all with a look of expectancy. I had to make my choice. Klaus Kaarsberg, a member of the new happy Mismanagement, it had to be him. Mollie's reputation as a keen hasher is indisputable. A fast runner always trying to do her best to catch new hashers for the tribe. Late September 2017 darkness had descended on Christianshavn Torv after the run. Suddenly, Mollie vanished as a lady of the deep darkness without a word. Some, scoundrels, peasants, thieves and even hashers thought she went away to find a Fishermen's friend somewhere in the canal and harbor area. Others claimed she went home to do her research on fish populations in the sea celebrating her newly achieved permanent contract for her research. What the truth was remains unknown but most agreed Mollie is a *Fishermen's Friend*.

Per took the invasion very serious and brought a Danish flag on a stick with him. Instead of just plant it in the first little pile of dirt outside the boat, he took it with him to the train station, on the tram and on the run. After a very short while he got tired of carrying it around so he handed it to his girlfriend who now had to carry it along for the rest of the run. 	Christened by <i>Party Prick</i> at CH ₃ 1992-11-28 Our dear <i>Party Prick</i> has always been keen upon the dress code in CH ₃ . No hash gear equals a down down in the circle after the run. <i>Party Prick</i> really was sure of his luck, when he during a run approached Lene, telling her of the punishment in the circle for not wearing hash gear, but promptly Lene lifted up in her sweatshirt showing her beautiful breast(s) covered by a hash t-shirt. Lene did not get a down down after the run for breaking the dress code, but... instead Lene with a proper down down was christened <i>Flashette</i> . <i>Flashette</i> was Hare Raiser in 1995 and Hash Sec in 1996.

	Christened by <i>Bogey</i> at CH ₃ 1994-04-25 On seeing this brother doing the visitor’s down down (for about the fifth time!) together with his little doggie – the RA was reminded so of Brother <i>Dog Slave</i> ’s christening. No sooner had Brother <i>Dog Slave</i> dropped to his knees, then his dog turned around and began giving him a blowjob! Brother Finn’s approach is more “business like”, as you will have noticed. The men of this Hash who have small dogs really do seem to have an “interesting” relationship with their animals – no wonder Sister <i>Peeping Lis</i> no longer brings her little doggie to the Hash! Actually, Brother Finn’s doggie seemed not to be quite as trained as Brother <i>Dog Slave</i> ’s, and did in fact seem a bit confused by what was happening. So, the RA switched on his telepathy and read the dogs thoughts – and – here’s what he found. The dog was thinking back on his previous life, about the time when he was an anti-aircraft gunner in World War 2. He was reminded how he could be standing quietly lost in your own thoughts the one moment and the next would be in the middle of one Big Bang. This is what it felt like when the silent German bomber planes came gliding up from behind and dropped their bombs – and was what it felt like when Brother Finn came sneaking up from behind and delivered <i>his</i> big bang. Brother Finn’s hash name will therefore be a slightly revised version of the name of these German bomber planes.

Then she started nagging via email, suggesting that he be called Forty-Two because he was always asking questions and seemed to want to know all the answers to life the universe and everything (Douglas Adams fans will understand the reference). Well the Hash being the Hash something finally had to be done, if just to shut <i>Nag Nag</i> up, but of course you can't have a name suggested by your mum so "Forty-Two" was out and anyway no one on the Mismanagement could count to 42, <i>Forty-One</i> was as close as we could get.

Being the upcoming child and heir of the <i>Queen of Denmark</i> and <i>Prince Light</i> , and considering the present life form it had to be named: <i>The Royal Embryo</i> . <i>Queen of Denmark</i> has given birth to <i>The Royal Embryo</i> , whereupon a renaming had to occur. Being the first-born child of <i>Queen of Denmark</i> and her light prince, it was an easy task finding the right name which at the same time will be outstanding in the hash-history as it is 100% Danish and nearly impossible to pronounce in English. The future king was named <i>Frederik</i> .

GM Emeritus French Disconnection		1993-03-07	278	16
	Christened by <i>Bogey</i> at CH ₃ 1994-01-09 Those of you, who have indulged in conversation with this sister, will probably have noticed that sometimes things go just fine and sometimes they do not. Sometimes you find yourself engaged in two monologues, which run quite parallel but are totally unrelated. For example, you say "It's a nice day, isn't it?" and she replies, "Yes, my mother bought two last week, but they were green". (This can go on for a long time). She says this happens because she has a French mind. It thinks in abstractions and surrealism, and is unwilling to waste its time with the humdrum, everyday trivia the rest of us wade around in. In fact, because of her French mind, it can sometimes be difficult to 'connect' at all when talking to this sister! <i>French Disconnection</i> was Grand Master in 2000.

	Christened 1988 Well as far as I can push my random-access memory this was the summer of 1988 and I was Hashing with the oldest Hash HH in South Asia, back then it was men only (Homo Hash) a lively bunch of evil, smelling sweaty slobs. A good mixture of young, old and Johnny come lately athletic type (read F**kwit). In one of those days I found myself involved with a young ex-patriot (a two-legged female in this case, I'll tell you about the double humped Camel on another occasion) working for an international out-fit. This did not go well with her native colleagues and especially her immediate boss who also happened to be a Hasher, but that only made me more stubborn and robust (call it Cupidity if you like). My opponents tried their level best to create a rift between the two of us but all their efforts were well ventilated.			
	2003			
	One weekend we decided to go out of town and loosen up from all the pressure. As she got into the car she addressed me by saying "Hello F**kwit", at first, I thought she is probably annoyed at me for being late but as the journey proceeded she repeated the same phrase in a distinct manner more than once which obviously made me curious that she knew something that I did not. We stopped for a quickie I mean a quick lunch, by that time I couldn't keep my patience mixed with curiosity in control and I asked her to explain. She then told me that after having tried to keep me away from her and having being out-witted in return it has been decided by the "Secret" naming committee that I shall henceforth be known as "F**kwit on the hash." On my return back from that weekend and the following Hash run I found myself sitting on a huge block of ice which was often used for the "Naming Ceremony" and other heinous crimes that were committed on the Hash. The RA on that auspicious or should I say suspicious occasion I believe was someone called "Pegleg". The rest is all history. <i>Fuckwit</i> was Haberdash in 2004.

"That was a terrible affair in a Hash. I cannot sleep alone to night. It is a good thing that many of us shack up together." And then the Harriet told a story that made the sweat on the other Hashers freeze up, and the MC's cock fall. There was no doubt about it.</p>	1988	375	12

But we will begin at the beginning, and that is to be found in a pack in another part of the world, Vilnius in Lithuania. The sun was setting, and the Hashers were forming their circle; one Harriet, with dark hair and short legs, used to lay her Hashers according to the regulations, and were, as a Harriet, respectable in every way. As she was joining the circle, she thought to herself "A Hasher who starts a new kennel should have a hash name; and the word *Godmother* sprang to mind."

"Way to go," she said; "the more I say that name, the better it sounds." She said this merrily, for she was the best of the Harriet's, and, moreover, as had been said, very respectable. With that she began to MC the new Vilnius Hash's circle.

It was dark all around, and Harriet stood close to Harriet, but the one who stood nearest to her merry neighbour could not rest. She had heard and yet not heard, as we are often obliged to do in this world, in order to live at peace; but she could not keep it from her neighbour on the other side any longer. "Did you hear what was said? I mention no names, but there is a Harriet here who intends to name herself in order to look well. If I were a harrier, I should despise her."

Just behind the Harriet's stood some visiting Hashers, with Father Hasher and the 7 little Hashers. The family has sharp ears, and they all heard every word that their neighbour had said. They rolled their eyes, and Mother Hasher, shaking the shiggy off her shoes, said: "Don't listen to her! But I suppose you heard what was said? I heard it with my own ears, and one has to hear a great deal before they fall off. There is one among the Harriet's who has so far forgotten what is becoming to a Harriet that she gives herself a name and lets the Hashers believe it to be her given hash name."

"Prenez garde aux enfants!" said Father Hasher; "children should not hear such things."

"But we must tell our Hash, the Hague H₃ about it; they are such an estimable Hash to talk to." And with that she hurried away.

"Have-you-heard? Have-you-heard?" they both hooted at the Hague H₃ and to the Hashers in their circle. "Have you heard? Have you heard? There is a Harriet who has named herself for the sake of the Hashers; she will be teased to death, if she is not mocked already. "Where? Where?" cooed the Hague H₃ Hashers.

"In the Vilnius Hash circle. I have as good as seen it myself. It is almost unbecoming to tell the story, but there is no doubt about it."

"Believe every word of what we tell you," said the Hague H₃ Hashers, and spread the word at the Bonn H₃. "There is a Harriet – nay, some say that there are two – (*Godmother* and *Fucking Sequel*) who have christened themselves, in order not to look like the others, and to attract the attention of the harriers. It is a dangerous game, for one can easily be disclosed and mocked most mercilessly, and both of these are already in tears."

"Wake up! Wake up!" crowed the MC, and stepped up on the beer crate. A beery hangover was still in his eyes, but yet he crowed out: "A Harriet has Christened herself three times because of her unfortunate love for the Hague Hash. And they mocked her to the point of tears. It is a horrible story: I will not keep it to myself, but let it go farther."

"Let it go farther," shrieked the RA, and the Harriet's clucked and the harriers crowed, "Let it go farther! Let it go farther!" In this way the story travelled from pack to pack, and at last came back to the place from which it had really started.

"Four times," it now ran, "had a Harriet submitted herself to christening rites, to show how great was her love of the Hash; and that Harriet had been covered from head to foot in large cakes of beery flour that would not wash out, to the derision and shame of her colleagues, and to the great loss of the Hash Cash who had to finance all the beer and flour."

The Harriet who had mused aloud over the name *Godmother* did not recognise her own story, and being a respectable Harriet, said: "I envy that Harriet; and there are more of that kind. Such things ought not to be concealed, and I will do my best to get the story into the newsletter, so that it becomes known throughout the Hash; that Harriet has richly deserved it, and her cohorts too."

It got into the newsletter, it was printed; and there is no doubt about it, one little deception may easily grow into four Christenings.

On the CRH₃ Campout # 12 in Femsølyng, the CRH₃ run #18 was made in the forest surrounding the area. After running through boggy wetlands the hashers came in – every harrier and harriette came in muddy to their knees, except for *Just Zune* who was spotless. There had to be a name there, we thought, but no one came up with anything good, so he got off with a down down.

Two weeks later, on the CRH₃ Campout #13 in Hornbæk Plantage, the hashers were having fun around the campfire, drinking a beer and possibly nipping stronger beverages. Jokes were told, songs were song, and all were relaxed and having a good time, At some point, *Just Zune*, decided to sing a Christmas song, but not quite using the original lyrics:

You better not pout,
You better not cry,
You better not scream,
I'm going in dry!

All were entertained by this, but it also reminded some of his jesus-like dry-running, and the next day (21 November) at the circle after CRH₃ run #20 *Just Zune* was (finally) named *Going in Dry*.

Just Zune 2019 was Hash Tech in 2020.

It was during the Christmas run of 2016 that *Oh My Dog!* brought his dog to the run. The dog runs without a leash but is fairly anti-social and sticks to his owner (but he's a dog so, of course, must wander). The Christmas run has several drink stops and thus requires pee stops... While 4-5 hashers were "feeding the bushes" the dog proceeded to run just below. And so *Golden Shower* was named on his very first run and well before his hash-dad was named.

Christened at San Diego H3 autumn 1991

I started hashing in Bahrain in 1991, during a port visit after the Gulf War, where I served as a Marine. When I returned to the U.S., I started hashing with San Diego H3, while still serving in the U.S. Marine Corps. At the time, I was tall, skinny and geeky looking (now I'm tall, fat and geeky looking) and, since I'm a Marine, reminded people of Jim Neighbor's character from the 1960's television series "Gomer Pyle USMC" (look it up on the Internet if you don't know it). When you combine that with the fact that I can clog any toilet that's ever been made, San Diego H3's naming committee christened me *Gomer's Pile* in autumn 1991. One of Gomer Pyle's favourite catch phrases was "Shazam!", so naturally mine became "Shitzam!".

A new hash baby is born, and his parents call him Alexander. As you all know, Alexander the Great became the Gordian king by cutting the Gordian knot. Swedish people are called Swedes, Danish people are called Danes and obviously Gordian people are called *Gorgeous*. And that's the hash name of Alexander.

	Christened by <i>Mr. Blowjob</i> 2003-08-17 at EuroHash Aarhus To be addicted to certain foodstuff may have crucial consequences. Lene can't pass when Chocolate Marshmallows (flødeboller). Then Saturday morning Lene saw some nice ladies given away Chocolate Marsh-mallows for free, and she couldn't wait to get one. But EuroHash in Århus has their own games. The purpose was to make Gorilla Balls. Gorilla Balls is when you stuff your mouth with 2 Chocolate Marshmallows and then at the same time by a syringe inject whiskey into the mouth, finishing it off with beer (the immediate effect is that the alcohol makes the egg white to expand). And first after this treatment are you allowed to chew. And Lene got her Gorilla Balls. Later in the evening Lene asked fearful <i>Godmother</i> if there was a risk for she could be christened Gorilla Balls, which <i>Godmother</i> couldn't find arguments against. After the Hangover Run was Lene kindly asked to enter the circle, and <i>Mr. Blowjob</i> had the exquisite pleasure to christen Lene <i>Gorilla-balls</i> .

Grab my Ball		2010-01-01	18	
	Christened by <i>Gerriatrack</i> at CH ₃ 2010-03-20 It was an ominous day with dark skies and continuous rain since morning. The snow just having cleared was replaced by icy rain. The hare <i>GM Emeritus Father Abraham</i> excused himself from the run with pneumonia, although as a true hasher he laid the trail beforehand. Before the start of the run, Nicolas, a fairly new member was given the "Ball and Chain" to weigh him down in an attempt to slow him on the trail. (see the story about how the ball came about under "9 Balls" below). Towards the middle of the run, the pack had to trudge through a short shiggy section uphill and with everyone back sliding down the slippery slope, Nicolas decided to play the chivalrous knight, anchored himself to a tree and invited harriettes to "Grab my Ball" to be hoisted up. The harriettes of course were incensed that only <i>one</i> ball was on offer, but some took up the offer nonetheless to try and keep dry bottoms. This chivalry was recognized forever in CH ₃ with Nicolas being knighted as <i>Grab my Ball</i> at the circle. Harriers – please beware!!

Great Dane		1994-03-28	147	4
	Christened by <i>Sir John</i> at CH ₃ 1995-02-18 At the time when Jeanette arrived on the Copenhagen H ₃ stage, we already had a poodle in our midst, and another one would not be appropriate. Looking at Jeanette's hair it was clear, that it anyway not was of a poodle size. Nothing less than a <i>Great Dane</i> would due. <i>Sir John</i> believed so much in christening Jeanette as a <i>Great Dane</i> that he married her in 1997.

Ground Control		2009-01-03	43	2
	Christened by Richard Kopf 1997-11-30 at Vindobona H ₃ . Early April 1997 I am sitting in my office in Vienna on a dull Friday morning, taking a last-minute decision to go on a UNIDO ski weekend. On the bus I sat beside a weird New Zealander – all his stuff in old plastic bags, telling bad jokes and trying to tape his broken glasses together – <i>Free Willy</i> of course. He talked about the Hash and suggested I came along – right. Ok, a Monday afternoon he phones me and says tonight is the night! I turn up at a meeting point somewhere in Vienna, someone – no idea who – is giving me a lift to the run. Well managed to get to the venue, been hashing since then ©. Because of my job with the Organisation for Security and Co-operation in Europe planning peacekeeping operations I was early on associated with the song " <i>Ground Control to Major Tom</i> " and the name developed into <i>Ground Control</i> over time. <i>Canada Dry</i> came forward with some fine lyrics for the christening based on David Bowie's otherwise excellent song.

Grounded		1995-04-10	41	4
	Christened by <i>Sir John</i> at CH ₃ 1995-12-16 It can be a dangerous business to be in the armed forces. If you not perform to the demands – you may be grounded. But that didn't happen to Patrick. His real chief in command – his wife – found that his hash activities went too far, and <i>Grounded</i> the poor Patrick. He was only allowed to attend the hash every 6-7 th week. So when he turned up to the Christmas Party Run he was immediately christened as <i>Grounded</i> . Grounded was Beer Organiser in 1996.

Half Pint 1995		1995-05-01	2	
Christened by <i>Sodbuster</i> at Lyngby H ₃ Helena was once a little girl (half size) who always had difficulties by emptying a full mug. She was therefore given only a half mug. She was half young and running the half distance, which was half as good as it could be. She has been running the double distance of the half of the attended runs. The half time of a down down equals <i>Half Pint</i> .

	Christened by <i>Oeuf</i> 2000-04-18 at Copenhagen Howlin H ₃ Aron was on his first full moon run at an age of 11 years old. He didn't drink much (actually nothing at all). Didn't he really like the stuff Hasher's drink, or does his father – <i>Sir John</i> – surprisingly have a good influence on the dear child? Both are hard to believe. Nevertheless, the GM looked at Aron and realised, that he was only half the size (not height) of a real man (the GM of course), and promptly the GM christened Aron as <i>Half Pint</i> .

Handcream		2007-11-24	61	5
	Christened by John Boy at Houston H ₃ 1997 Just barely hashing two weeks and already on a camp out. The pack decided that Jurgen could not be pronounced by Texan rednecks, but that it sounded very similar to Jergens hand-lotion (an American brand). For lack of a girlfriend and due to the similarity with Jergens, John Boy named him <i>Hand cream</i> .

Hanssome Virgin		1994-11-26	29	1
	Christened by <i>Bogey</i> at CH ₃ 1994-08-21 Seeing that this hashiest of non-Hashers had no name, and afraid this would make him very sad indeed, <i>Liberty</i> awarded him the name Handsome (yes, that is pushing it a bit). Rather than risking disagreement with a woman, the RA decided instead to embellish the name to reflect another aspect of Brother Hans's persona. Namely, his constant refusal to be a Hasher, in spite of being more hashy than many of us. In Istanbul, e.g., who can forget his "borrowed" boxes of beer under arm, shared generously with fellow CH ₃ 'ers? On good runs, who's On On at the front, on bad ones who's off to party with a bevy of Harriet's and his box of borrowed beers? At the murder run, who had the best "victim"? Yes, yes, it's Hansy! But, asked if he would actually like to join the Hash, he invariably answers "No, No" – just like a virgin! So it is <i>Hansson Virgin!</i>

Hard On		1996-06-13	421	32
	Christened by <i>Biggles</i> 1995-09-23 at Lyngby H ₃ At a Lyngby New Moon run a lot of equipment was handed out to the Hashers. One of the things was an enormous big inflated plastic hammer, which was inflated very hard! Unfortunately, this hammer was given to Michael! And what did he do? The whole run he was chasing all the Harriet's with his enormous hammer and at any given opportunity he was banging the Harriet's with it! But no matter how many Harriet's he was banging, he didn't succeed in bringing one home! The whole night he was wondering why! Maybe he is born a little too late. This method was working in the Stone Age! Maybe he should try a flirting-course instead! Anyway, after this run – the natural name for this Stone Age man was <i>Hard On!</i> <i>Hard On</i> was Haberdash in 2002 and Haberdash in 2006.

Head Sucker		2008-04-21	6	1
	Christened by <i>Mind Your Nuts</i> at CH ₃ 2008-06-30 Christian proudly sports a completely bald and shiny head. During the circle, this proved to be too much of a temptation for one of his hash mates, who grabbed the drain-cleaning plunger from the RA's bag and planted it firmly on top of Christians head. The plunger's rubber cup sucked on tightly to his smooth head – and there it stayed. For much of the rest of the circle he stood happily with the plunger stuck firmly to the top of his head, enjoying the attention it gave. This was obviously a good reason for a spontaneous christening – and <i>Calapso</i> 's suggestion of <i>Head Sucker</i> was chosen as the name to be given.

Hello Cheeky		2010-04-26	166	13
	Christened by <i>Calapso</i> at CH ₃ 2012-01-29 After a year or so of running with the Viking Wankers and having brought his wife to various parties and On Ons, Matthew persuaded Sarah to join him on the run itself. His words must have been powerful as it was a bitterly cold January day in Brøndby Strand. The pack set off with Matt front running as usual and also finding all the false trails as usual which put him in the frequent position of running past Sarah who, being far more sensible than her spouse, was staying with the main pack and having no truck with checking out or getting lost. Every time Matt passed his lovely spouse he would give her a friendly pat on the left buttock cheek just to say hello. Why he didn't say hello to the rest of his lovely wife, only concentrating on that singular cheek, we do not know. But it did mean there was only one name for him... <i>Hello Cheeky!</i>

This hasher is actually one of the "Founding Fathers" of CH ₃ . He turned up – after many years' absence – at the 30 th Birthday Run and said: "My name is Steffen, but I can't remember my hash name." Luckily a member of the pack had a page of "The Glorious History of CH ₃ " where he could read that Steffens hash name was <i>Highjump</i> . 	Christened by Carsten <i>Blowjob</i> Iversen 1997-06-16 and 1997-08-04 at Aalborg H ₃ At his first run at Aalborg H ₃ Michael couldn't keep quiet, so at the following run he was baptised “ <i>Ib 10 against 1</i> ”. <i>Ib</i> , because it had to be short? Later this summer <i>Ib 10 against 1</i> was forced to volunteer to set a run. The force was needed, as it was <i>Ib 10 against 1</i> 's 4 th run. And it was a very big surprise to the Hashers of Aalborg H ₃ that anything went wrong. How should the hare know, that he shouldn't lead the pack, and how should the hare know that the wimps in Aalborg found 10 km far beyond their capacity, and how should the hare know that he had to provide a grill when invited to a BBQ after the run? After the run the GM found it important to draw on his extensive experience of hashing. The hare was awarded a double down down for leading the pack, a double down down for too long a run and a triple down down for missing the grill. Again, the GM was surprised as <i>Ib 10 against 1</i> proved the old saying “what comes in must come out again” to be right. The surprise was so big, that the GM first at the next run christened our poor hare <i>Ib von Täinen</i> . Pronounced as “Ib Fountain”.

1994	This clean, polite neatly dressed and apparently respectable young man was at a party, standing in the kitchen quietly talking to other guests, when suddenly, he went utterly and completely mad! "Give me that bottle. Give me that jug. Give me some fruit. Give me some ice," he cried. He proceeded to mix a strange and exotic potion, which he poured into small glasses and offered to the other guests. This potion was very good indeed, so many tasted a little glass more and perhaps even one more. The next morning many of them woke up dead! For he had given out a deadly poison known under the name of Cactus Juice. Were there warnings of its punishing effects? No! He was more than generous and less than responsible – in fact, he had been downright loose with that juice!

He immediately locked up his bike and proceeded to run the entire route wearing his helmet (looking like a special needs child...or somebody that was prepared for any situation). There were several names tossed around "Special Needs", "Just in Case"...and it was at the next run (where he was a first time here) that we had a Hash-circle vote for his name. Justin Case was selected by the hash (Driven primarily by <i>GM Emeritus Biggles</i> who uses this phrase when he arrives at the circle...and which now causes confusion as people look around for Justin).

Kangaroo (SuperScan)

1986-12-20 495 42

2015

Christened *SuperScan* by *Elephant Man* in the middle of the eighties at Gove Top H₃, North Territory, Australia and *Kangaroo* by *Stand Up, Bob* at CH₃ 1988-09-18

Kjeld really knows what hashing is about. Running, the circle with some beers, the On On with good food and some more beers but most of all before you loses your overview, scan out all the young Harriet's. He was so super doing it that he was christened *SuperScan*.

When Kjeld jumped back to CH₃ from Australia is was inevitable to rename him as *Kangaroo*.

Kangaroo was Master of Ceremonies and Hash Beer in 1989. Hare Raiser in 2008 and from June 2009 to January 2010. He was Religious Advisor in 2012.

Kan-go-root

2007-12-08 4 1

2009

Christened by *Gerriatrick* at CH₃ 2007-12-08

Father was *Kangaroo*, who brought his two daughters *Wallaby* and *Joey* to the hash, but never the son. So it was sort of special when the son, also the eldest child came for the first time. What a surprise when *Kangaroo* announced that it was also the very first time, John had a beer, especially when by Danish law he was legally old enough to have a "root" (Australian slang for having a ****). Those who know the father's predilection in this regard hoped it would rub off on the son if he was called *Kan-go-root*.

Kegtapper

2006-10-07 27 3

2006

Christened by Jim Dunn at Lautoka H₃ Fiji June 1987

Something of a nomad is *Kegtapper*, but never far from a beer, as a result of never being far from a brewery. Someone has to do it—this guy designs builds and operates the biggest breweries in the world, and has done so, and also Hashed, in Swaziland, Fiji, England, Australia, China, Barbados and now Denmark.

Story of the name started in Fiji in 1987, just after first Military Coup and our friend had kindly offered to host the Lautoka HHH to a run at his Brewery. Run was fine, soldiers curious but did not interfere, but draught beer would not flow, due to technical problems. Brewery Manager (our man) was required to step in a personally tap and serve the delicious kegs of beer that his staff had produced.

It was nearly a f*** up, and the best translation from the Fijian language to English for the name is *Kegtapper*.

Kenwood

March 1988 269 10

1996

Shortly after having brought him home (on a permanent basis) one of *Poodles* friends asked her (on the telephone), "Where's Ken?" The answer was he was out in the kitchen washing up after dinner. The questioner, more used to the average Hasher, enviously said, "Ken would". And we all know that Kenwood makes great appliances, like dishwashers.

Kenwood was Hash Sec in 1991 and 1995. He was Hash Sponsor in 1999.

Modern science has produced many things for runners, but by far the nicest to look at are the very fine fabrics that running tights are made of. They conform to every curve of the body and Lise Iversen certainly did not want to spoil those curves by having other clothing underneath.

Knickerless was Hare Raiser in 1994.

Jocelyn tells: “All I remember about my naming, is that it must have happened when I got to know a certain Hasher, and according to my diary that was in 1987. The reason for the name *Lady Di* was simply because this certain Hasher’s second name was Charles, and yes, you guessed, my second name is Diana. I don’t remember any ceremony, but I was most likely yanked into the circle.

My double-barrelled part of the name *Gnasher* was given in the Belgium Ardennes on a weekend trip, in about 1990, and under protest from me that I already had a name, it was claimed by the Harriet who shared the room with me that I gnashed (pronounced nashed) my teeth all night – that came after I’d complained of her snoring, whistling sound.”

Lady-Di-Gnasher was Hash Sec in 1986 and Grand Mistress in 1996.

Christened by *B.I.K.A.* Lisbon H₃ and *Perv* Mijas H₃ at the Pan Iberian Hash 2005 in Córdoba 2005-03-05

The Pan Iberian Hash 2005 in Córdoba was Mette’s first big international hash weekend, but only a couple of 100 meters into the hash she twisted her ankle. She completed the trail and no one noticed anything until she sat down in the circle, almost fainting with pain. *B.I.K.A.* picked up on this, and the fact that she was accompanied by *Rambo no 5* aka *Flying Dane* and thus Mette were named *Lame Dane* by the RA of the day, *Perv*.

Lame Dane was Hare Raiser in 2007.

Legs Astride			263	6
	Christened by <i>Condom</i> at CH ₃ Astrid's legs enclosed in running tights drew more than one Hasher's eyes. Her legs swing out to the side when she runs. So it was obvious she should be referred to as <i>Legs Astride</i> . (<i>Astride</i> is how your legs are placed on a horse). <i>Legs Astride</i> was Hash Flash in 1993.

Lightning Lilly		1995-10-28	62	2
	Christened by <i>Mustafa the Swede</i> at CH ₃ 1996 The christening of Gitte was performed as a double together with her dear <i>Sheikh</i> . Both stories comes here: Brother Ulrik has in his years in the Middle East learned the proper way to court a woman: Grab her, throw her across his horse and ride off into towards his desert oasis. Back in Denmark, he is not yet accustomed to courting European style. When his eyes caught sight of Sister Gitte he courted her like an Arab Prince would have done, and drove off with her in the direction of his Hørsholm oasis. Sister Gitte should have learned that the proper way to react to a <i>Sheikh</i> 's brutal treatment is not a sweet, happy smile, but she has accustomed herself to the new situation with lightning speed. There can be no doubt, as they sit outside the tent in Hørsholm, which model is visible just above the horizon.

	Christened by <i>Incuming</i> 1991-09-23 at Bern H ₃ I was most certainly christened at Bern H ₃ #96, hare and RA was <i>Incuming</i> , an Irishwoman formerly with the Baghdad H ₃ when she wasn't nursing. It was my fifth run. My mother hash is Zürich H ₃ (first 4 runs #19 (1991.08.13), 20, 21 and 22) however Bern H ₃ had the habit of not letting anyone go without giving them a handle, so they came up with one. (We put an end to this when a drunken pack named two visiting hashers <i>Shit</i> and <i>Piss</i> .) My handle refers to a certain hobby I have, which I will illustrate to willing harriettes in the privacy of my own bedroom. It was contributed by Tattoo, a dental hygienist who soon left the hash for romance and real life. And yes, she did have an interesting tattoo...

Little John		2019-02-23	48	1
	Christened by <i>GM Emeritus Biggles</i> at CH ₃ 2019-09-16 Johnny came to the hash as <i>Just Johnny</i> and it was obviously when we all were running in the forest something was in his mind – like something was missing. He was looking for something without saying anything and after a little while he was suddenly seen running with a big stick and carried it all the way to the circle. This happens several times, but only in the forest and no one could get an answer for what the real purpose was, but we all should know that <i>Just Johnny</i> is tall and thin and it could be simulating a stickman, but it makes no sense because it was only in the forests this happens. The real truth came along on a deep forest run where of course once again <i>Just Johnny</i> came with a new big stick. We came to a very narrow bridge crossing a stream <i>Just Johnny</i> revealed that it was a weapon ensuring that no-one crosses the bridge before him. So the stick was in fact a poor quarterstaff. Then we all knew that this was Little John in disguise of a new hasher. We avoided the traditional fight on the bridge and looked surprised at each other and had in mind that <i>Just Johnny</i> from now on must be <i>Little John</i> .

The hare is responsible for the food and Camilla was co-hare. While preparing the food the gas stove ran out of gas ½ hour before the run, so in desperation she had to rush to the local gas-supplier in Osu. She was duly called into the circle after the run by <i>Badboy</i> , who reported that while she was frantically buying the gas she was spotted by him, on his way to the run. He called and waved but she completely overheard him being totally focused on the bottle of gas, which was Liquefied Petroleum Gas, referred to as <i>LPG</i> .

	Christened by <i>Escort Required</i> at CH ₃ 2020-07-06. Just Lucie had been joining pretty much every run, campout and event she could since her start in CH ₃ , but she always seemed to be on her best behavior and never gave any particular reason for a name. Eventually, while brainstorming, it occurred to one of the hashers that her non-name, "Just Lucie", was a rather good Spoonerism and thus, the harriette " <i>Lust Jucie</i> " was born. Lust Juice immediate went home and googled her new name to look for inspiration for a personal t-shirt. She was very amused to find out that those kind of searches leads to porn. It also seemed that this caused all her pent up debauchery to come out, and she could easily have earned two or three more names in the immediate weeks after her naming.

Marilyn Monroe (<i>Fokkawoof's</i> doggie)		1994-05-09		
	Christened by <i>Bogey</i> at CH ₃ 1994 It would appear to the untrained eye that this little woofie without actually doing anything has the men of this Hash seething with desire and filled with lustful, forbidden thoughts. However, on closer scrutiny, one does notice that this little woofie quite deliberately cultivates soft, curly white hair – which makes him look like a little lamb! And that's all it takes to catch the carnal interest of at least two members of this Hash. This woofie is also very aware of his body has a very particular way of standing and moving, so as to show his fine curves and firm young flesh off to the best effect – guaranteed to arouse the interest of ant red blooded male CH ₃ Hasher.			
1994	The ability to arouse and excite men without actually appearing to <i>do</i> anything is the hallmark of a famous actress of the fifties and early sixties – hence woofie's hash name.

Well, she had another little drink – and felt even more mellow. So, she had just another little drink – and felt even more mellow. And then she had just one more little drink – and felt even more mellow. And after that she had just one more little drink – and felt even more mellow. Well, after a while this sister sort of started dissolving into a pretty liquid state. Sho sshe took djust anottther little drink – and perhapssh one (hic) more – at which point she started becoming distinctly swampy! Mind Your Nuts		2003-12-13	520	23
	Christened by <i>Sea-Xplanation</i> at Amsterdam H ₃ 2004-07-19 Ahh, one of the pre-lubes for Interhash in Cardiff, and a mighty fine one it was. On Monday 19 th of July 2004 on a sunny day in Amsterdam the Amsterdam H ₃ had invited to their annual(?) Canal-hash. Yup, the trail was set via the canals, and the Hashers followed trail using pedal-driven boats, each one carrying 4 Hashers. Good fun boating around the canals of downtown A-Damn! After enjoying a good run, the Copenhagen bunch followed the crowd down one of the streets of Amsterdam on our way to the venue for the On-In, the only Australian bar in Amsterdam. If you have ever been to Amsterdam you will know that they separate sidewalks from the road with crotch-high metal poles... Walking down the street, one American guy in front of us walked backwards for a few meters, then turned around and caught one of the poles spot-on! He was speechless for a few seconds... Then one of the Harriett’s behind us yelled out loud: “Mind your nuts!” Henrik noticed this, and started running down the street jumping over pole after pole, lifting first left leg high, then right leg, etc. It looked amusing, and he was obviously minding his package while having fun... Henrik was thus named <i>Mind Your Nuts</i> afterwards at the circle by <i>Sea-Xplanation</i> , as we found his acts fitting just fine with the general warning! <i>Mind Your Nuts</i> was Hare Raiser in 2005 and Religious Advisor in 2008. He was Hash Cash in 2012 and 2013, and AmbHashador in 2017.

Miss Goodnight		2002-05-13	86	1
	Christened by <i>Pop Eye</i> at CH ₃ 2004-03-13 It happened at the glorious 24 th birthday party of CH ₃ . You were dancing – wild – actually you were <i>Rock(ing)-Your-Socks</i> – with a most charming well dressed – well loaded and truly armed secret Hasher. This gentleman who must be a foreign agent of the “Shaken not Stirred” type – cool as ice suddenly dropped you on the floor – as a glass of bad Russian vodka – probably in the name of the cold war. As expected you passed out! The ambulance arrived – and you were blazed away with flashing blue lights and screaming sirens through the night. Carefully the Doctor examined your brain – and luckily found ----- NOTHING. In the name of the Hash Spirit – I (<i>Pop Eye</i>) solemnly baptize you: <i>Miss Goodnight</i> . <i>Miss Goodnight</i> was Hash Horn in 2003.

GM Emeritus Miss Money Penny		1989-02-11	559	27
	Christened by <i>GM Emeritus 2nd Class</i> at CH ₃ 2002-05-27 One thing, being a member of the club since 1989, and not been equipped with a hash-name, something else is being a Mismangement member without a proper name... So when Helene was appointed Hash Cash in the 2002 Mismangement, it seemed to be obvious that it should be something about money. Furthermore, she is married with CH ₃ 's James Bond (No <i>Alligator Dundee</i> – you are NOT a look-alike, it's only your accent). So, what would be more natural than to give her the name: <i>Miss Money Penny</i> ? <i>Miss Money Penny</i> was Hash Cash in 2002, 2008 and 2009. She was Grand Master in 2014.

	Christened by <i>Party Prick</i> at CH ₃ 1992-01-11 When someone is named <i>Miss Piggie</i> we all have a feeling, that there must be a very “interesting” story behind. But Sigridur most firmly claims that she not has behaved like a pig, and that her last name is the only reason. Sveindottir means the daughter of Svein, and the name Svein sounds like pig in German. <i>Miss Piggie</i> was Rehash Raiser in 1992.

	Christened by <i>Codpiece</i> at CH ₃ 2005-07-22 One of the Hashers had met Iben at a party and convinced her to join the hash. She is a psychology student and has an exotic look to her so when <i>Biggles</i> called her into the circle after the Gispert hash at February 11 th he called her <i>Miss Psycho</i> . The name stuck with her and turned out to be quite fitting so at a CH ₄ hash in July 2005 she was finally baptised <i>Miss Psycho</i> by <i>Codpiece</i> .

	Christened by <i>Her Holynose</i> at CH ₃ 2010-06-28 A group of hashers are playing an innocent children's game on the lawn of the hare's home after the Skt. Hans Run 2010. Suddenly young Miguel reaches inside his shorts – through the leg. To the question of what he is doing, he answers that his mobile phone is ringing. This immediately results in various suggestions for a hash name. Among the many fine suggestions, the Mismanagement subsequently chose <i>Mobile Dick</i> as an appropriate name for young Miguel. <i>Mobile Dick</i> was Bottler in 2011 and Hash Flash in 2016.

Moo Moo			100	3
	Christened by <i>Bogey</i> at CH ₃ 1994-05-02 One night, the RA dreamt of a visit with the Great Hashup in the sky, who was rather put out than said RA dared to “also do weather”. As penance, the RA was ordered to offer up a beautiful, healthy, young woman for the Great Hashup to teach many things. Who could he choose? In a vision, Sister Vivian appeared, but our RA resisted the temptation to lead her off to slaughter like a sacrificial lamb. But, to remind you of your lucky escape, your hash name will be the same sound as a bleating little lamb: <i>Moo Moo</i> .

	Christened by <i>Butthead</i> at CH ₃ 1998-08-03 <i>Pisspot</i> had brought along his brother in law for his first, and now probably last, hash run. Krille (<i>Knock Out</i> junior) was not in doubt for two seconds when she before we started laid eyes on his smiling rubber face: “Look over there, its Mr. Bean!” The truth is supposed to come from innocent children and drunks so yours truly had no choice but to obey and name him <i>Mr. Bean</i> .

Mr. Blowjob		1998-06-05	411	27
	Christened 1989 at Aalborg H ₃ In 1989 was Aalborg H ₃ only one year old and most of the members were very dear, very young, very innocent and with a very limited knowledge to the English language – at least our dear friend tells. The Hash Horn – a girl named <i>Horny</i> (are they really so innocent?) wanted to be released from her job and a new Hash Horn had to be found. Carsten was mentioned, but a Hash Horn without a Hash name was not acceptable. And now those very dear, very young, very innocent and very non-linguistic trained Hashers accept a suggestion from one of the few not so dear, not so very young, not so very innocent and not so very non-linguistic trained Hashers in A ₂ H ₃ that Carsten should be named <i>Mr. Blowjob</i> , and all the very dear, very young, very innocent and very non-linguistic trained Hashers praised the not so dear, not so very young, not so very innocent and not so very non-linguistic trained Hasher for his splendid idea. And then Carsten became <i>Mr. Blowjob</i> . <i>Mr. Blowjob</i> was Religious Advisor in 2003. Hash Flash in 2009. Hash Cash in 2014, 2015, 2016, 2017 and 2018.

GM Emeritus Mr. Petit		2003-03-22	1130	88
	Christened by <i>Mr. Blowjob</i> at CH ₃ 2003-09-08 Lars has a great weakness for very small things, and is very interested in model trains and other miniatures. Seeing and knowing Lars, one should imagine that he was more interested in food and beers – which he certainly also is. He is a contradiction. And therefore, the only logical choice of a hash name for Lars had to be a contradiction too. Lars was christened: <i>Mr. Petit</i> PS. Soon after at run 1351 where Lars was the hare, he proved the choice of <i>Mr. Petit</i> right. Most of the trail was marked with blobs at a size of a Danish 25 øre coin.			
2009	<i>Mr. Petit</i> was Hash Horn in 2004, Hash Flash in 2008, Religious Advisor in 2011 and Hash Tec in 2014. He was Grand Master in 2016 and Hare Raiser in 2020 and 2021.

	Christened by <i>Mr. Petit</i> at CH ₃ 2011-07-11 Ever since he could walk, Albert has to be eager to kick the can, when we close the circle. Since he is not so big yet, it has been difficult for him to step on the can, so it could be destroyed and the beer spraying out. Therefore, he often stood right next to the can, when other hashers stepped on the can. When this happens he normally get a lot of the beer spray on him and after that he just laugh. So <i>Mr. Spraycan</i> it is.

Muddy Mistress			76	3
	Christened by <i>Bogey</i> at CH ₃ 1994-08-09 This courageous sister has been bravely hiding her handicap from us all this time! She is, in fact, quite blind! She has a white fluffy guide dog that tried the Hash once after a shower of rain. Since the dog spent so much of his time admiring his reflection in shop windows. Sister Mette realised she would have to guide him! She stuck to mushy mud, which she knew to be the path, but the dog didn't agree to dirty his lovely white coat and so jerked away. Bang, down went his mistress in the mud. She got up and jerked him and, bang, down went the dog. After several repetitions of this sequence, they were both brown up to their eyebrows with mud!			
1994	<i>Muddy Mistress</i> was Hash Flash in 1995.

So, I guess nobody participating in this run will blame the RA for giving Lars the hash name <i>Muddy Waters</i> .

Multiple Screaming 'Gasms – MSG		2018-07-23	12	
	Christened by <i>GM Emeritus Codpiece</i> at CH ₄ 2018-11-23 It was Sister Shirley's first ever Full Moon Hash, and she was very excited. As usual there were several drink stops and she got more and more excited. Indeed, at the fifth bar she was loudly discussing Multiple Orgasms, which eventually evolved into Multiple Screaming Orgasms at the last bar. This was too much for the CH ₄ GM - there was a name hidden in there somewhere. And with the help of the pack, specially <i>GM Emeritus Calapso</i> , the name was shortened to Multiple Screaming 'Gasms, or MSG.

Mustafa the Swede (Turnip)		1994-02-19	261	20
	Christened <i>Turnip</i> by <i>Sir John</i> at CH ₃ 1995-09-11, <i>Mustafa the Swede</i> by himself 1996-01-13 and confirmed <i>Mustafa the Swede</i> by <i>Sir John</i> at CH ₃ 1996-03-16 The story about <i>Mustafa the Swede</i> starts at the office of <i>Peeping Lis</i> in the days where the love to Peter was young and also expressed with a picture of our exotic looking Swede on the desk. A college went by, look at the picture and asked: What's that for a <i>Mustafa</i> you have found? Without any christening ceremony <i>Mustafa the Swede</i> was born. The story about how Peter became a <i>Turnip</i> is a sweet one, and with a little agricultural education it should be easy to understand. There is in Sweden a sweet kind of turnip called a sweet, but the RA felt, that Peter wasn't that sweet and felt that he was more <i>Turnip</i> -like. The year is waning and the new Mismanagement is appointed, with <i>Turnip</i> as the new RA. <i>Turnip</i> takes on the job with great seriousness and takes office as RA. Now things go fast. Already after 13 days in office he takes the law into his own hands and is christening <u>himself</u> <i>Mustafa the Swede</i> . But, but, but... Two months after his misdeed he becomes so regretful that he makes a "contract" with the former RA. <i>Sir John</i> should formally, christen him <i>Mustafa the Swede</i> and in return <i>Mustafa the Swede</i> should formally christen John as <i>Sir John</i> . <i>Turnip</i> believes that <i>Sir John</i> not formally is christened as <i>Sir John</i> .

Nag Nag Nag Nag NAG (Nag Nag) (Nibbler) 254 26

Christened *Nibbler* by *Bogey* at CH₃ 1994, *Nag Nag* by *Sir John* at CH₃ 1995-06-19 and *Nag Nag Nag Nag NAG* by *GM Emeritus Biggles* at CH₃ 2012-07-01

When Lone first began to run with this Hash, she always brought a little container of “Health Food” with her – you know – grated raw carrots and cabbage. Good healthy food for a growing young lass – which she used to consume ravenously after each run. She always had some tasty morsel, some titbit with her. Realising after a while that her fare was more than somewhat nauseating to her fellow Hashers, this sister very considerably stopped bringing her “little snacks” to the hash.

2014

More recently, as some of you may have noticed, Sister Lone has been going around with a white cotton glove on one hand – because of an irritation of the skin (according to her!). The truth of that story is simply, that she bit herself in the finger while eating one of her delicacies – and gangrene set in almost immediately. Hence the glove to cover up the evidence! Well – by a miracle of modern medicine, the hand was saved. And, in the still of the night, Sister Lone continues to *nibble* away in secrecy at her special “delicacies”.

Nibbler joined the Ski Trip in 1995. Every morning she was talking a lot and *ThirStig* was getting close to a nervous breakdown. It was so bad that *Sir John* took the drastic move to rename *Nibbler* to *Nag Nag*.

It was a hot summerhouse weekend and the venue was *Nag Nag's* house. Only very few hash's participated in that event, but from the very first minute *Nag Nag* tried to convince everyone that it was a wrong name she has got. She even said that she didn't understand why she was named *Nag Nag*. She was well prepared and had invested in a new holy carpet. She really made a great weekend event with a nice train tour to Hornbæk. A lot of fun and offering a lot of drinking. Nice food, but all the time she was nag nagging about her hash name and repeated time after time that she should have a new name because she couldn't figure out why she was called *Nag Nag*. Even at the bonfire during the whole night and morning still nag nagging about her name. After the Hangover Run and the final act in the circle she was renamed to *Nag Nag Nag Nag NAG* or in short form just *Nag5*. Now she understands.

Brother Brian – one of the turkeys who made him noticed in Turkey. First of all, by crippling him before the event, so that he wouldn't have to waste his time running and could concentrate his energies on the beer and ladies. Secondly by virtue of his kind and generous nature: Being crippled, and therefore a slow walker, he fell to escorting the more "senior" members of the group about. No sooner had he taken the one pair to the Turkish baths, then he was back to take the next pair for a little walk to Taxim on the Asian side of the city. This gave rise to the suggested name of "Brian and the Geriatrics". But what really made an impression, was Brother Brian's somewhat snakelike approach to the unattached young ladies at this InterHash. Immediately on the arrival at some social event, Brother Brian would "go snake" – head moving about, beery eyes searching, forked tongue flicking. And, as if by magic, he would suddenly be standing beside a sweet young mousie, whom he seemed to have hypnotised completely. However – two great passions rage in the breast of Brother Brian, one for mousies and the other for beer. So, no sooner had Brother Brian hypnotised the mousie, then he was overcome by a longing for beer and would limp off to satisfy that craving. On reaching the beer depot, he would reason thus: The mousie-time is cutting into my beer-time, so I'd better catch up. He would then quaff four or five quick beers, and for the sake of appearances, takes one half-empty beer back with him. Four of five quick beers tend to affect the sense of balance a little and, besides the limp, Brother Brian's walk now had a certain lurching-swaying-weaving quality to it. On seeing his somewhat unorthodox approach, the mousie would very quickly de-hypnotise and disappear. Which did not seem to bother Brother Brian in the least and, missing a beat, the head would come up, beery eyes searching and the forked tongue flicked. And the whole story would repeat itself, and repeat itself, and repeat itself... Hat Brother Brian stuck to Turkish tea instead of beer; he may have more lasting success with the mousies. (But he probably wouldn't have had as much fun).

Ib started hashing in the East, but he did not get a hash name out there. After some years in the East, he is now back in Denmark and hashing with CH₃. He is a journalist and have repeatedly tried to get something culturally into the hash. During his culture hour (actually just 5 min.) in the circle, he has tried with some old jokes. These jokes is not bad, but many of them are so old that RA may remember them from childhood. This is not what you will hear at the 9 O'clock news, and since there also was an old comedy show that was called *Not the 9 O'clock News*. That is why Ib now is Not the 9 O'clock News.

Not the 9 O'clock News was Hash Tech in 2012 and Religious Advisor in 2016. He was Grand Master in 2020.

At run no. 1098 Chiru Kiarie suddenly found herself in front of the pack and being a good Harriet, she knew what to do: Look for flour. She found several blobs of flour and every time she saw one she shouted "her er en" (here is one). Your RA was close behind (No, not that close!) and helpful as always he told her that the way to do this right was to call "On On" to what Chiru replied "Det tør jeg da ikke!" (I dare not). But after a while she became braver and out it went: "On On". So Chiru will forever in the hash tribe and after forever in the happy hunting grounds be known as *Now-I-Dare*.

1980

Told by *Numbnuts*. As an old guy my stories are never short. Besides that, my reaction on being "baptized" as *Numbnuts* was not a happy one. I asked myself how I could show my face in public, or in bars for that matter, with that name on my hat or jacket. I did learn to wear the name with pride ... but only in select environments. The story:

In Seoul the after-run circle is held around a large fire. As the GM ends the circle we Swing Low and consume our last beer, after which the assembled hashers extinguish the fire with nature's own firehose. The smoke from the urine-fueled fire is noxious. As I was helping extinguish the fire one evening in 1981 the wind shifted, blowing over me. As other hashers were all around me, and I was mid-stream, I could not move nimbly away. Joint Master *Darkhorse* (RIP) noticed this and immediately proposed my name as only a Numbnuts would stand in place when the smoke shifted over him. I protested to no avail.

I should note that when I became GM in Seoul and Manila I presided over many a baptism, and the named individual frequently protested their new name. To no avail, as my standard answer was "Shit-for-Brains" is available if you want that instead. No one did.

He was heard to exclaim something like Oh my God! Oh my God! but I knew a man like Just Chris would not call on the Lord's name just for help with a couple of copulating dogs, especially under the eye of his church, so I realised it must be *Oh my Dog!* He should have stayed in the circle, bugger the dog!

	Christened by <i>Escort Required</i> at CH ₃ 2020-10-10 CH ₃ celebrated their 2400 th run on the 3rd of October 2020. Due to COVID-19 restrictions no official on on was organized, but some of the younger hashers ended up continuing the celebrations in the garden of <i>GM Emeritus Miss Money Penny</i> and <i>GM Emeritus Alligator Dundee</i> . As the evening got colder the remaining hashers went inside, where they used the celebratory helium balloons to sing songs in helium voices, and Just Manex decided to open the piano and accompany the helium singers. Just Manex is now known as <i>Party Penis</i> .

	Christened by <i>Elephant Cook</i> and MC from Warsaw H ₃ at CH ₃ 1990-12-15 Everybody in the Hash, well at least all women, knows Peter is a charming, good-looking bachelor with a good sense of humour and excellent body language. He has proved his skills so many times, that we finally made it official – no reason to hide the facts. He got the name <i>Party Prick</i> , so that every new female member of the Hash knows whom she can turn to, in case she needs some entertainment. <i>Party Prick</i> was Religious Advisor in 1992. He was Master of Ceremonies from August 1993 to December 1994 and in 1998. <i>Party Prick</i> died January 23. 2016.

Most of the Hashers were frightened and gave the dog a wide berth but Derik being a marine, has a fear deficiency and ran right past the dog which bit at him. Derik retaliated by kicking the dog in the ribs, it worked great, the dog and his master tried to hide behind each other. For kicking the dog instead of its master Derik was named <i>Pedigree Chum</i> .

Knocked on the door and opened it to ask if the person needed help, only to be confronted with a couple having sex! Pepper Ronni		2018-10-20	115	6
	Christened by <i>GM Emeritus Codpiece</i> at CH ₄ 2019-01-25 Brother Ronni had a great night out after the Burns Night hash. In fact, he had so much fun at the on-after that he almost missed his train. Not just that, he fell asleep on the train, and missed his station. But he felt alright, so he got off a couple of stops down the road and decided to walk home. On his way home, he met a group of young punks who wanted his wallet and mobile phone. They tried to use the latest legal weapon on him - the pepper spray. But unfortunately for them, they were just too stupid: They sprayed him on his back, so he said fuck this, and outran them. So among the small crowd at the CH ₄ Full Moon Hash there could be no doubt about the name: Brother Ronni will forever and ever be known as: <i>Pepper Ronni</i> .			
2018	<i>Pepper Ronni</i> was Hash Flash in 2019 and 2020.

Piss-I-Missed		2002-10-05	89	4
	Christened by <i>Mr. Blowjob</i> at CH ₃ 2003-06-02 It was the most beautiful weather this year. There were no clouds in the sky and the weather forecasts have not talked about rain for several days. But... you should never believe in everything you hear, so Ulla decided to bring sensible extra cloth for the run. You know, as your mom would recommend. Could that be the reason for Ulla as well coming late for the run? Actually, Ulla might have wished for bad weather so she could prove to the pack, that she in no way was a pessimistic character. But there came no rain and it was the most warm and beautiful weather the whole evening, which lead to that Ulla during the whole run had to carry a fleece jacket as well as a raincoat.			
2009	There was no escape. Ulla was christened <i>Piss-I-Missed</i> . The spelling has to do with that Ulla could be an incurable pessimist. It was not piss raining and Ulla herself can recall the evening as the <i>Piss-I-Missed</i> . <i>Piss-I-Missed</i> was Hash Flash in 2004.

Plastered		July 1989	148	9
	Christened by Woodstock the Festival at CH ₃ 1991 Charlotte was one of our ski instructors on the famous hash ski-holiday to Badgastein this year. She managed to hurt both her wrists and had to wear wrist bandages the rest of the holiday. <i>Maid Marion</i> called her "slasher", which also is the name of person who tried to commit suicide by cutting the wrists. When we returned to Copenhagen, back to our normal life, it only took Charlotte a few weeks before she broke her leg from playing handball. She came to the runs with the leg in a huge bandage and inspired our MC <i>Woodstock the Festival</i> to name her <i>Plastered</i> . It is also the slang for having too much to drink, which makes it even more appropriate a name for Charlotte.			
2003	<i>Plastered</i> was Hash Flash in 1992 and Jointee January – August 1993.

It was noticed how she often turned up to the hash in quite colourful clothing (even by <i>GM Emeritus Biggles</i> standards). It certainly got the attention of the hash flash. Yet what made her stand out was her ability to jump high, captured in every photo from each run she attended. This quickly became a trademark and it was noted that her traits are reflected in a species of frog native to South America. On the analversary of her first run, she was named <i>Poison Arrow</i> .

He did not react when the MC after the run asked the gentlemen, who ran with the ladies, to come into the circle so it was obviously not gentleman ship that made him do it. 	Christened by <i>Mustafa the Swede</i> at CH ₃ 1996 Brother Per appeared at the 900 run obviously looking for fun and games (girls). He put great effort into this. Late at night the RA observed him standing outside <i>Lumberjack's</i> house between dances with steam evaporating from his sweating body. In a somewhat inebriated state, he staggered over to the RA and pointed a finger, stating, "My God, but you're ugly!" At this time when the RA & Co. was attempting to ingratiate themselves with some Harriet's by saying, "MY God, but you're lovely!" Brother Morten was concerning himself solely with the beauty of fellow male Hashers! Makes you wonder, doesn't it? Well, if he finds them ugly, it must be because he considers himself to be the opposite! <i>Pretty Boy</i> was Amb-Hash-ador in 1995 and 1996. He was Hash Cash in 2005 and 2006.			27

	Christened by <i>Sir John</i> at CH ₃ 1995-04-10 As all the Hashers have noticed this Harriet running paying notice to her behind wanting to smack it, her name shall relate to that. But this Harriet also has the habit of using her lipstick as soon we have reached the circle after the run. Even more she takes out a comb from her pocket and starts combing her hair – in plain public. Strong roomers tell, that the R.A. carefully selected the word <i>Public</i> with a silent hope that everyone would think upon <i>Pubic</i> . In the match of these facts Lise name shall forever hereafter be known as <i>Public Hair</i> . <i>Public Hair</i> was Hash Flash in 2003.

Just Judy has lived in Ireland for the last while, so we used the unique opportunity of her and <i>Feckless</i> visiting CH ₃ name her <i>Push Over</i> . <i>Escort Required</i> gave her probably the most gentle naming in recent years wearing a robe and a shower cap as she had to catch a very early flight, and we all know that flour tends to stick. On the way, he stopped off in Bangkok and somehow, he never made it to Laos. He claimed that his visa never came through, but the temptations of Bangkok probably got the better of him. So, after 3½ weeks in Asia, he arrived back in Luxembourg with his left foot bandaged – infected because, as he claims, he stood on a sea urchin off Phuket. My best guess is that he stood on a street urchin and it was not Phuket but f**k it. Why <i>Pussyfoot</i> ? Well, his infected foot was all pussy! <i>Pussyfoot</i> was Amb-Hash-ador January to June 2003.

At the English Club Susan often wore big hats and being tall and blond too she was given the name *Queen of Denmark*. At the Münchener beer festival, after run no. 1111, your RA noticed this very smooth guy – dark, tall and handsome he was too – doing a real good job with the girls at the dance floor. And it was obvious that the tune “Mambo no. Five” was his absolute favourite. This was a dancer with hips.

So I was a little surprised when the same guy shows up in some kind of military equipment to the Hangover Run next day.

Soft at night and tough in the daylight. Dr. Jekyll and Mr. Hide. So José will forever in the hash tribe and also in the happy hunting grounds be known as *Rambo no 5*.

GM Emeritus Red Carpet		2003-06-16	784	31
	Christened by <i>X-Virgin Sister</i> at Chiang Mai Saturday H ₃ 2003-02-08 I learned about the Hash first time by reading an article in the new local English language rag in Chiang Mai, Thailand November 2002. About two months later I pulled myself together and showed up at the Hash House Pub to join the run. In Chiang Mai they have the tradition that one should be named 3 rd time after becoming a member – usually this is a problem, as you hardly know the person after only 3-5 runs. I my case though everything was different – everything about me was weird and different: 1. I was the only farang (western) girl 2. Nobody dragged me into the Hash – I just showed up by myself 3. I left my husband back at home 4. I was wearing purple or tartan pants 5. I had scarlet red hair at that time 6. I was riding a bicycle			
2015				
	Since they never saw my husband, they thought that I had killed him. So during a few weeks – they had come up with the following names: Helter-skelter, Purple People Eater, Hell on Wheels, Red Rug, <i>Red Carpet</i> , Tartan ‘n’ Tits and a lot more. At this time, we had a Thai-girl as the GM and around 50 noisy Hashers who showed up every Saturday. No matter what name our GM suggested everybody were shouting “yeeaaah”. After two weeks of struggling with my baptism our GM <i>X-Virgin Sister</i> gave up the democratic voting and shouted: “Shut up! <i>Red Carpet</i> it is”.			
	I re-dyed my hair for about 8 months, but every time it turned orange and yellow after a while – so I gave up and turned back to being a natural brunette. Off Course I got a lot of shit for that and they all asked: “What happened to the <i>Red Carpet</i> ”. Some other stories have been invented over the years about my name – not to be mentioned here.

The main character, Rhett Butler, doesn’t give a shit, sorry damn, sorry dismisses Scarlett O’Hara after having been through the Civil War, marriages, divorce, burning down of their house, loosing family property and slaves etc. etc. His last sentence goes like this: “Frankly, my dear, I don’t give a damn”. <i>Rubber Bitte</i>			167	7
	Christened by <i>Date Pith</i> at CH ₃ 1991-07-07 Thomas tells the story: My own name is based on two stories. <i>Rubber</i> , because I supplied the Hash with 400 condoms for its Christmas Party 1990. The condoms were sponsored by the AIDS information-office in Copenhagen. <i>Bitte</i> , because during the Hash Ski-trip to Badgastein last year, some Yankees were impressed by my German language-skills: "Do you speak English – Bitte". A certain Hash-detective tried in our newsletter to imply there might be another reason for my name, but since I am no Magic Johnson, I decline to comment those rumours. Here are the rumours anyway: Evidence obtained from reliable sources (now long gone) reveals that during a company weekend in Køge in 1990, Thomas met a voluptuous and willing babe in the hotel bar (we know the type). Being a safe kinda guy, Thomas realised he was missing one crucial piece of equipment to make his weekend worthwhile. He reportedly knocked on several hotel room doors; politely requesting at least one sample of said equipment. <i>Rubber Bitte</i> was Jointee from April to December 1991.

Rusty Dick (Oily Dick, Rooster)		1995-06-05	365	14
	Christened <i>Oily Dick</i> by <i>Dicktator</i> Delhi H ₃ 1994-01-16 during the 4 th Indian Nash Hash in Hyderabad. Renamed <i>Rusty Dick</i> – also by Ken <i>Dicktator</i> Vitesia – after returning to Delhi on 1994-01-18 and <i>The Rooster</i> by <i>Herr Ball</i> at Capital H ₃ (Delhi) 1996-01-27.			
2014	Ole tells the following story about his first hash name <i>Oily Dick</i> : Delhi H ₃ has a tradition of baptism after 10 runs, which is often too short time to give meaningful names. Thus, the person's real name is often used as inspiration. I was given the name <i>Oily Dick</i> – Ole and Oily sounding rather similar in English. <i>Oily Dick</i> tells the following story about his second hash name <i>Rusty Dick</i> : After returning to Delhi <i>Dicktator</i> was reminded by other members of Delhi H ₃ that there was a previous member of Delhi H ₃ with that name. Thus, I was renamed and this time my <i>last</i> name was used instead: Rosted pronounced in English is pretty close to Rusty. Funny enough: People have over the years been quite amused believing that the name actually refers to the fact that I have four kids. <i>Rusty Dick</i> tells the following story about his third hash name <i>The Rooster</i> : In those days Delhi H ₃ grew very big and became more and more a social event rather than a running cum drinking club. Thus, the Capital H ₃ was founded in September '94 by some of the keener Hashers of Delhi H ₃ . Although Delhi is a big town all members of Capital H ₃ were also members of Delhi H ₃ . Still the two clubs officially didn't like or hardly recognised each other. Down-downs were given for wearing the other clubs gear etc. And the hash names were not recognised either. Thus, <i>Southern Comfort</i> and I were given new names after a couple of runs with Capital H ₃ . Again, my last name was used but this time with a sweet hint to <i>Southern Comfort's</i> and my growing friendship: <i>The Rooster</i> and <i>The Hen</i> . The picture above is from the christening ceremony at a weekend trip with DH ₃ some palace north of Chandigarh, India. Nice to see the CH ₃ hash gear. <i>Rusty Dick</i> was Beer Organiser in 1999 and Master of Ceremonies in 2003.

S3		2009-06-23	55	3
	Christened by <i>Lucky Shitlips</i> and <i>Neon Baboon</i> February 1998 at Shanghai H ₃ <i>S3</i> is short for “Schütte Shit Shooter” – a Hash name obviously not meant to be pronounced after a reasonable amount of down downs. Thus, <i>S3</i> it was! I can't remember many details of the baptism. Sometime in probably February 1998 I was called to the front by GM “Lucky Shitlips” and his assistant “Neon Baboon” during the Hash dinner of the Shanghai Hash House Harriers, i.e. my mother Hash, and named according to my allegedly miserable performance at a recent bowling event. Since then, <i>S3</i> has caused phantasies at different Hashes. During the China Nash Hash in Guanzhou in June 2009, I was unofficially renamed “Seriously Sexy Something”.			
2010	<i>Schütte Shit Shooter</i> was Über Hash Bottler in 2014.			
Sallywhacker		2019-06-03	69	1
	Christened by <i>Escort Required</i> at CH ₃ 2020-03-07. <i>Just Martin</i> attended the birthday party of <i>GM Emeritus Biggles</i> after CH ₃ run 2368 on 25 January 2020. <i>GM Emeritus Biggles</i> has a number of traditions at his birthday parties, and some of them are drinking games. One such drinking game is “Yard of Ale” passed around in a circle and each drinker can beat others and cause them to be ejected from the game. <i>GM Emeritus Biggles</i> has named his yard glass “Long Tall Sally” <i>Sallywhacker</i> managed to eject 7 other drinkers in a row and ultimately beat the game. This earned him a personalized t-shirt as a prize – and it also earned him the hash name “ <i>Sallywhacker</i> ”			
2019	<i>Sallywhacker</i> was AmbHashador in 2022.

Brother Ole is a slaughterhouse designer too. Furthermore, he is very talkative at the Hash and his name should remind him it is better to spend his time nudge nudging <i>Spanish Fly</i> , than using it for idle talk. <i>Say no more</i> was Haberdash in 2000.

Christened by <i>Condom</i> at CH ₃ 1993				
This naming is hard to understand not because of its complexity but because of the simplicity (of whoever chose the name). The run sheet pen was missing and Irene Lund pulled out her own pen, a <i>Schaeffer</i> .

	Christened by <i>Wanker</i> in Aalborg H ₃ 1992-08-03			
Once upon a time in a region of Denmark far, far away up north a brave young man one Monday evening decided to go hashing. As he was a bit late that day, and as the run was set way out of reach of public transportation, the young hopeful, yet unnamed Hasher had to make a run for it just to make the start of the run. As it happened, the to-be athletic youngster overtook a rather large pack of serious runners from the nearby serious running club, leaving them wondering what passed by. A few seconds and several kilometres later our young hero made the hash, only to find that the run this day was started with a beer race, just to warm up. Well, not much reason to be in a hurry then, but at least the fast run was rewarded somehow. As our hero found the episode with the serious runners quite amusing, he told it to <i>Homesick</i> very illustratively (hands, fingers, obscure gestures, sound and blackboard). Almost at the end of the story, after the main point had been made out to <i>Homesick</i> , <i>CandySwing</i> interfered, feeling that he had missed a great story. Without hesitation he started asking about all the details he had missed, picking up on the bits of the story in a weird sequence. Our young hero was still trying to end the story for <i>Homesick</i> while fighting back <i>CandySwing</i> 's question when <i>Wanker</i> interfered, trying to find out what went on. As it can be a bit difficult telling the same amusing story in three variants at the same time, the point of the story for <i>Wanker</i> 's part slipped slowly away. Now, <i>Wanker</i> is not an MC to mess around with, and as he for a long while had been looking for a good excuse for a naming of the young hero no mercy was given. The result? Well, after the run the young Hasher was called forward. At this time the young Hasher had never seen a naming yet, thus in no way prepared for what was about to happen. In good Aalborg tradition the Hasher to be known as <i>Sea-Xplanation</i> was called into the middle of the circle. <i>Wanker</i> explained that the messy story he overheard earlier that day had given him the idea for the name. In good Danish tradition it was a mistranslation of the Danish word for a long rambling story... So now you know! After explaining the name and calling upon Gispert <i>Wanker</i> forced the young Hasher to down-down a bottle of beer while 15-20 Hashers each shook and sprayed a bottle of beer over him. This act, is something that you get totally soaking wet off, even the flour was washed off, try this at home!				
The reader may already have guessed that the rambling story above is written by <i>Sea-Xplanation</i> himself.				
<i>Sea-Xplanation</i> was Amb-Hash-ador in 1997 and Religious Advisor in 2001. He was Hash Sec in 2004 and Haberdash in 2005 and 2006.				
Secret Weapon		2002-11-02	22	1
	Christened by <i>Mr. Blowjob</i> at CH ₃ 2003-08-11			
Before Paula and her husband in the spring were interviewed to Berlingske Tidende (or was it the opposite?) no one believed that something spooky was coming up. Paula's husband – the Ambassador to Nicaragua in Denmark – was praising this beautiful place Denmark, and as well phrased the well-known saying, "behind every man there is a strong woman". And to the journalist's big surprise he stated, that he would not have achieved anything if it weren't for his beautiful wife. What was this? Were there some hidden agenda for Paula's present in Denmark? But the Ambassador soon reviled that Paula was his secret weapon. This confession didn't give our RA <i>Mr. Blowjob</i> any excuse but to christen Paula <i>Secret Weapon</i> .

<i>Shagged the Sack</i>		2003-08-23	52	4
	Christened <i>Shagged the Sack</i> by <i>Codpiece</i> 2004-10-16 at Oslo H ₃ run 777			
2003	On the first night aboard, the Oslo ferry brother Niels felt quite amorous. Upon returning to his cabin he couldn't find a suitable roommate so he decided to have his way with his own backpack. Hence Brother Niels will be known in the hashing community as <i>Shagged the Sack</i> .			
	To really understand Niels' devotion for his backpack a little story might be in appropriate. Some years ago, Niels was going to visit a friend living far away. It was snowing. Niels placed his backpack behind the car and began to clean it from snow. The backpack was forgotten and a bump when he backed his car to the road was presumable a pile of snow. After a 100 km. of driving his father called him and asked if he was driving with his trunk open? Niels' backpack was found 15 km. away from his home. Niels turned his car to pick up his beloved backpack. This backpack mended with Gaffa Tape is the afore mentioned pressures backpack.			
<i>Sheikh (Tawill)</i>		1995-03-25	134	6
	Christened by <i>Mustafa the Swede</i> at CH ₃ 1996			
2016	The christening of Ulrik was performed as a double together with his dear Lightning Lilly. Both stories come here: Brother Ulrik has in his years in the Middle East learned the proper way to court a woman: Grab her, throw her across his horse and ride off into towards his desert oasis. Back in Denmark, he is not yet accustomed to courting European style. When his eyes caught sight of Sister Gitte he courted her like an Arab Prince would have done, and drove off with her in the direction of his Hørsholm oasis.			
	Sister Gitte should have learned that the proper way to react to a Sheikh's brutal treatment is not a sweet, happy smile, but she has accustomed herself to the new situation with lightning speed. There can be no doubt, as they sit outside the tent in Hørsholm, which model is visible just above the horizon.			
<i>Shiggy D'Light</i>		1996-05-13	15	1

2001	Inger was the hare on run no. 1193 and up to the very day it had been raining quite a lot, this of course resulting in the forest being very shiggy. Out on the trail you could pretty much steer clear of the shiggy if you tried but that all ended when the trail split in to a chicken and eagle run. Being much the wiser from many such runs I, your MC, of course chose the chicken trail, which proved to be a very good idea. While waiting at the designated rendezvous point I overheard Inger, who was haring the chicken trail, tell the others about all the shiggy they had missed out on (as of course had she) by not running the eagle trail. Conferring with the hash sec we put the things together and we came up with the name <i>Shiggy D'Light</i> with which Inger was baptised later in the sacred circle of the Copenhagen Hash House Harriers.

1994	From his very first run, this brother's love of mud has been apparent. He generously shares this love with his 3 comrades who also soon become covered in the stuff. On a recent occasion, not only did he get the whole Hash off trail; he even got his otherwise stern and sober sergeant to follow him into the muck. And, when an "innocent" RA overheard from behind a tree (?) amorous moans in the bush, there lay Brother Rob, caressing mother earth! His other pastime, getting drunk on Saturday night, has led to many a messy midnight in bed, leaving us only one possible name for this brother: <i>Shiggy Piggy</i> .

2019	<i>Just Coco</i> , a dog usually attending with <i>50 Shades</i> , had already gained the nickname "Tampax", but it was never a proper hash name. On run 2318 we had the pleasure of having <i>Never Comes Alone</i> and her children attending. <i>Just Toby</i> was young enough to need a stroller for most of the trail, and the trail was quite shiggy so <i>Escort Required</i> offered to run with the stroller after the first half of the trail. <i>Just Toby</i> enjoyed the ride, and his older sister <i>Just Hanna</i> would occasionally hitch a ride when the going was rough. At some point, however, the stroller seemed a bit heavy, but <i>Just Hanna</i> was running along next to the stroller. Upon inspection of the stroller, it turned out that <i>Just Coco</i> had decided that she shouldn't get her pretty white fur dirtied any more, and she was now riding with Just Toby. <i>Just Coco</i> was christened <i>Shortcutting Diva</i> the same day.

1988	Steven tells: We had a Religious Advisor from New Zealand called Petra Hudson (a real character and good musician) who used to bring his guitar to many of the On Ons. I had been with the hash for a couple of years but was still unnamed. My name was derived (I believe) from Eric Clapton's nickname – SlowHand – I guess that was Petra's musical background coming out – seeing as I was a slow runner (in true hash tradition) and bloody short – only 163cm tall – hence <i>Shorthand</i> . <i>Shorthand</i> was Hash Sev in 1987.

Sir John (Vin Ordinaire)			1990-05-28	397
	Christened <i>Vin Ordinaire</i> at Sidney North Shore H ₃ , <i>Sir John</i> by <i>Condom</i> and once again <i>Sir John</i> by <i>Mustafa the Swede</i> at CH ₃ 1996-03-16 John’s first hash name comes from the fact, which he knows when to be modest and when to behave like a <i>Sir</i> . It really comes to who is paying, so at the On Ons at the Sidney North Shore H ₃ he always ordered the cheapest wine and therefore couldn’t avoid to be christened as <i>Vin Ordinaire</i> . When John came to Copenhagen H ₃ he soon showed his charm (with the Harriet’s) and behaved like a real <i>Sir</i> . Before the On Ons he definitely behaved with style and after the On On like anything else. So, <i>Condom</i> found it avoidable to christen our dear gentleman <i>Sir John</i> .			19

He believes, that <i>Sir John</i> not is formally christened as <i>Sir John</i> and proposes that <i>Sir John</i> once again christen <i>Turnip</i> as <i>Mustafa the Swede</i> and in return <i>Mustafa the Swede</i> should formally christen <i>Sir John</i> as <i>Sir John</i>. <i>Sir John</i> was Religious Advisor in 1995 and Hare Raiser in 1998. <i>Sir John</i> died November 15 2001.</p>

Anyway, in November SCH ₃ arranged a Beaujolais weekend and the yearning were replaced with a cheerful cry when Dorrit meet with the <i>guys</i> again. Knowing the Danish prices on wine, you would understand why Dorrit wanted to buy as many bottles as possible to bring back to Denmark. Having in mind that the zip code for Beaujolais is 69, there was only one hash name possible: <i>Sixtywine</i> . It is still a mystery to the <i>guys</i> in CH ₃ why the name didn’t become SixtywHine!			4

Sloptank		1999-08-16	122	8
	Christened by <i>Aussie Bob</i> from Lagos H ₃ 1992 Long long ago the colonial powers decided to build a key trading post in West Africa called Lagos. With miles and miles of white sandy beaches and sun-drenched fertile countryside to choose from where else would you locate this but on top of a swamp. A big swamp. Then add 12 million people who of course need to pass water and solids, then why build sewers if you can just use the natural swamp. Thus, you have a living Sloptank. Now not so many years ago you get another colonial arriving in this paradise, full of shit and piss shouting the odds what do you call him – <i>Sloptank</i> . <i>Sloptank</i> was Master of Ceremonies in 2004.

	Christened by <i>Butthead</i> at CH ₃ 1998-06-05 The new (first ever?) girlfriend of <i>Codpiece</i> is a person of small needs for satisfaction. In the morning after run #999 she was moaning in lust so loud in the two lovebird's tent that she awoke all Hashers in the surrounding tents. Since her boyfriend spends his time showing everybody that he has the smallest pecker in the club. She indeed deserves the name: <i>Small Pleasures</i> .

Snow What?			26	
Christened by <i>Bogey</i> at CH ₃ 1994 This sister always reminds the RA of a particular Disney fairy tale. She seems to embody the tale of the lovely young girl who leaves her home to travel far, far away. Finally she comes to a house, which she makes her home, and where she brightens the lives of the other inhabitants – smoothing troubled brows, singing a song when they're down in the dumps and generally spreading good cheer. The girl in question found her house deep, deep in the woods – whereas you, Sister Jeanette, have chosen a house in the middle of a city with trains, busses, cars, bikes, men, women, children, cats, dogs, rats and mice rushing noisily all around it at all hours of the day and night! Furthermore, the girl in the story was a tall young lady and the inhabitants of the house were all very short! And here we have petite little you and a house full of huge marines! (For the sake of the story, all the marines are declared tall.) You're doing it all back-to front, Sister Jeanette! What you're doing here is "WhiteSnow and the five giants". Why, I'll bet you even have the "dwarves" going around singing: "Ho hi, ho hi – we're not going to work today!"

Southern Comfort (April, The Hen)		1996-06-10	222	7
	Christened <i>April</i> by the GM at Bangalore H ₃ 1990, <i>Southern Comfort</i> , September by <i>Dicktator</i> Vitesia at Delhi H ₃ 1993 and <i>The Hen</i> by <i>Herr Ball</i> Capital H ₃ 1996-01-27 Annette tells the following story about her first Hash name <i>April</i> : The name originated from the fact, that we were three friends who joined the hash together and ran quite regularly. We were quite good friends and even during the runs we used to stick together and really had lots of fun. The GM and the others decided that we should be named after Donald Duck's nieces called April, May and June. <i>April</i> tells the following story about her second Hash name <i>Southern Comfort</i> : I originally come from Karnataka – one of the southern states of India – and hence was the name given to me. Southern Comfort is also the name of a luxury chain of hotels in South India. Later I came to know that it is a well-known whisky name in the USA.			
2014				
	<i>Rusty Dick</i> tells the following story about <i>Southern Comfort</i> third Hash name <i>The Hen</i> : In those days Delhi H ₃ grew very big and became more and more a social event rather than a running cum drinking club. Thus, the Capital H ₃ was founded in September '94 by some of the keener Hashers of Delhi H ₃ . Although Delhi is a big town all members of Capital H ₃ were also members of Delhi H ₃ . Still the two clubs officially didn't like or hardly recognised each other. Down-downs were given for wearing the other clubs gear etc. and the hash names were not recognised either. Thus, <i>Southern Comfort</i> and I were given new names after a couple of runs with Capital H ₃ . Again, my last name was used but this time with a sweet hint to <i>Southern Comfort's</i> and my growing friendship: <i>The Rooster</i> and <i>The Hen</i> . The picture above is from the christening ceremony at a weekend trip with DH ₃ some palace north of Chandigarh, India. Nice to see the CH ₃ hash gear. <i>Southern Comfort</i> was Jointee in 2004.			
Spanish Fly			260	3
	Christened by <i>Bogey</i> at CH ₃ 1994-01-09 This young woman was terrified that the RA would divulge her deepest secrets to you. She need not fear – the RA will not concern himself with the fact that she had had an exact duplicate of her husband made – and even shows him off blatantly at the Hash (introduced as “my husband's twin”). Oh well – perhaps a woman on fire does need two men! Instead, recall her misery at the rains of June, and of July, and of August, when finally, she took <i>Tweedle-dee</i> under her arm and went to Spain and then flew away to Costa Rica. Here her family cried to see her and she cried to see her family and the weather was warm, and the sun shone all day and all night and she was happy. In short, she got pissed off – she goes to Spain – she gets on Spanish aeroplane – and she flies away! <i>Spanish Fly</i> was Hash Flash and Rehash Raiser in 1997.

2003	The 50 th run of the Copenhagen Howlin' Hash House Harriers is naturally a great and important event. Jacob and his mates from Odense-Nyborg H ₃ were very eager to reach the starting point for the run. Jacob was the driver, and he wasn't aware of the two measures the municipality of Copenhagen uses to keep the speed down. Badly maintained roads and bumps on the roads. Both conditions were fulfilled when he drove on Nygårdsvej. And suddenly when passing a street bump, his mates, and among them the GM of Odense-Nyborg H ₃ , felt themselves in a very near contact with the inner side of the roof of the car. No mercy! Jacob was christened <i>Speedy Bump</i> of his GM. <i>Speedy Bump</i> was Hash Horn in 2002.

2016	Whilst on the train with our Norwegian brethren Steve pulled persuaded them all to have their own temporary tattoo drawn on their right arm, just above the line of the T shirt. Once at the run he similarly persuaded most of the Viking Wankers to do the same. So, in the circle, when <i>GM Emeritus Biggles</i> was rightfully given a down down for his tattoo Steve orchestrated his own "I'm Spartacus" moment as everyone proudly displayed their new tattoos. This was probably enough to earn a name but Steve had used a permanent maker for the "temporary" tattoos which meant they didn't wash off in the shower but miraculously they did manage to come off on the bed clothes during the night for <i>GM Emeritus Calapso</i> , <i>Triple Dick Head</i> and a number of other Hashers. Fast forward a week or two and Steve has not arrived at the circle for <i>Her Holynose's</i> run from <i>Valby</i> and <i>GM Emeritus Red Carpet</i> is spending the time waiting for him checking out the bedding in the local branch of Jysk. In the end Steve claims, he'd rather be doing his washing then Hashing (!) and doesn't show up. Putting all of this together, <i>GM Emeritus Red Carpet</i> needs new sheets, Steve is busy trying to get his own sheets clean plus what he did to the sheets of numerous Hashers in both Copenhagen and Oslo, then he really did earn the name <i>Stains the Sheets</i> .

	Christened by Claus <i>Henlock</i> 1991-09-24 at Aarhus H ₃ There are situations in life, where only a poem can save the world from believing, that the true story is a matter of sodomy. Here it is: There once was a Hasher from Aarhus, he was running and drinking enormous, but then one day a horse came his way, he said I dare, he jumped on the mare, he thought he should have a medallion, instead he did act like a <i>Stallion</i> .

	Re-christened by <i>Kangaroo</i> at CH ₃ 2014-03-15 When Bob was MC in 1986, he would always stand on top of a beer case or two so we all could see him. Never the less obnoxious Hashers would always yell out, <i>Stand Up, Bob</i> . Time went on, and <i>Stand Up, Bob</i> had to leave Copenhagen for other jobs. At March 15 2014 <i>Stand Up, Bob</i> came back to CH ₃ to join us in celebrating our 34 years birthday and not the least our run 2000. During the circle did <i>Stand Up, Bob</i> mention to <i>Kangaroo</i> that his hash name originated from CH ₃ but no formal christening had taken place. <i>Kangaroo</i> should not hear this twice. He asked <i>Stand Up, Bob</i> to the centre of the circle and performed a formal christening of <i>Stand Up, Bob</i> . 18 years too late.

Steaming Cougar Bait		2010-05-10	142	8
	Christened by <i>Joint Venture</i> at CH ₃ 2010-10-10 Frank is a young, good looking guy, if you like that sort of thing, certainly the older women seem to. At an on-on in a seedy bar in a bad part of town (is there a better place for an on on?) the pack were sat around a large table enjoying a post run beer or five whilst the locals were near the bar wondering what had happened to destroy the peace in their little haven. Among the locals was a lady of a certain age who very quickly set her eyes on him and made it very clear that she was ready and willing to drop her corsets and anything else he wanted at the drop of a hat. A few kroner in the juke box and a few glasses of Dutch courage in her she soon had him up and dancing, well he thought he was dancing she seemed to be trying to rape him standing up. Fortunately for our boy she had to head home before she could pin him against the dart board and show him her bullseye, but not before she gave his tonsils a good once over with her tongue in a 5 minutes goodbye kiss. This boy was obviously live bait to any passing cougar and the GM resolved to name him at the very next opportunity. As Frank came forward for his christening he removed his shirt and as time, beer and cigarettes have not yet destroyed this FRB's enthusiasm the sweat he had worked up on the run started to gently steam in the cool October air giving him the perfect prefix to his Hash Name: <i>Steaming Cougar Bait</i> .

But over time, the other hashers noticed that she is most often seen on trail when the sun is shining, and during those brief spells when the sunshine leaves Denmark, she has a habit of going off to Turkey. In recognition of this habit she received the name Sunny Delight, which sounds nice, but you will know it is really the nastiest hash name if you have ever tried the fake American orange drink that inspired it.

	Christened by <i>Oeuf</i> at CH ₃ 2001-05-07 Torben is a quiet smiling young man but beneath the surface lurks a secret, he likes wet and muddy holes. At least that is what it looked like on run 1195 where Torben for no reason stepped into a swamp in the forests around Hillerød. The trail didn't lead that way but Torben's legs did, it was only in the last minute that Torben's brain kicked in and stopped him from faith dirtier than sleeping with Mogens Glistrup. Subsequently I had no choice upon our return but to drag Torben into the circle and baptise him with the first name that came into mind: <i>Swamp Thing</i> . <i>Swamp Thing</i> was Hash Flash in 2002 and 2007. Christened by *Bogey* at CH₃ 1995-09-09

Christened at the Aarhus weekend in 1995, from an idea hatched out by *Butthead* and *Party Prick*. She had seen some bullfrogs on the run, and commented on what big chests they had. The guys decided that she must be envious, as her chest isn't quite that big. Try as she may – she would never be able to become a member of the big-chest frog species, but would have to stay a slim tadpole.

Tadpole was Hare Raiser in 2000.

Christened February 1988 at Bern H₃

I started hashing in Bern at their run #17, February 1988. At that time the Bern hash named virgins on their first hash (an attempt to make everyone feel welcome and part of the group). I was very slow and during the entire hash I was at the back of the pack. The Americans present decided to name me after the rear end of a US vehicle (a pick-up truck), the tailgate. A second meaning is that at US sporting events, many people gather beforehand in the parking lot and have BBQs before entering the stadiums. The parties are known as tailgate parties and use the tailgate of pick-up trucks (folded down) as make-shift tables. This meaning goes along with my fondness for partying.

<i>The Doctor</i>		April 1980	231	13
	At a bar one of the Hashers was rather worried about the way a prize possession of his was dripping and otherwise malfunctioning. Paul, after experience in Asia with such diseases was quite willing to help. He suggested the afflicted Hasher display the problem and he would give diagnoses, just like a real doctor. He proved himself right. Looking at the picture I'm wondering why Paul Erik didn't receive "The Buddha" as his hash name. <i>The Doctor</i> was Hash Sec from October 1980 to June 1981 and Jointee and Hash Music from May to December 1987.

Thunderpiss		1993-01-09	1105	57
	Christened by <i>Bogey</i> at CH ₃ 1994 Having (totally untrue to form) drunk himself into a state of incoherence at the 777 Run, and thus unable to converse with his fellow Hashers, Brother Jan went off to his bed. Immediately, a hitherto unknown talent of his revealed itself – great thunderous music began issuing forth in perfect crescendo – from his nose! In spite of Sister <i>Spanish Fly</i> kicking him in the shins. Sidsel jumping up and down on his stomach and <i>Flashette</i> beating him with a wet towel, Brother Jan neither stirred nor woke nor stopped! Only a clarion call of nature got him moving! The RA, awaked by the change of music to a gentle trickle, splash splash over by the chimney, assumed that Brother Jan was relieving himself in a plastic beer cup. This was not the case; the receptacle was the chimney itself! No wonder Sister <i>Flashette</i> was screaming to “Piss outside, you pig!”

Tigger		2020-01-01		
	Christened by <i>Escort Required</i> at CH ₃ 2020-07-06 <i>9 Balls</i> brought his new young dog, Just Pinot Noir, to run #2383 – a lovely summer run in Nivå. Pinot, being young and full of spunk, enjoyed himself immensely as the trail had lots of water (a favorite for a labrador), but when it came to tall grass he felt a bit left out. He couldn't really see over the grass and got frustrated. As a solution he started jumping vertically into the air for two thirds of the trail – much like Tigger of the Hundred Acre Wood. “ <i>Tiggers</i> don't jump, they bounce!”			
Tinkerbells		1994-02-12	13	
	Christened by <i>Bogey</i> at CH ₃ 1994 This brother is one of “true Vikings” who go down to the sound in mid-winter, kick a great hole in the ice and jump in – stark naked! As one's tender anatomical parts are removed from the water, they go into a state of shock and then freeze icy solid. This leaves the owner in no small amount of pain and worried as Hell that these precious parts might shatter if he knocks them about carelessly – hence a resemblance to John Wayne. And as he paces along, those aren't spurs a-jingling, but his precious little ice cubes swinging freely in the breeze, tinkling softly like wind chimes, as they bump against one another.

	Christened by <i>Escort Required</i> at The annual Sloppy Vlatava river hash 2021-06-05 During the fourth annual Sloppy Vlatava river hash, Just Chris, a Copenhagen hasher, decided to go down a number of stone stairs, not by using his feet like the other hashers, but rather by going down on his ass. Since Just Chris apparantly had his head up his ass, this had the unfortunate effect of knocking him out cold. As in; proper medically unconscious for a few minutes. Other hashers administered first aid as best they could, and when Just Chris finally woke up he was a bit confused about all the fuss. When told what happened, he exclaimed: "I could have died!" This realization caused Just Christ to promptly get up, go to the nearest bar and buy a round to all nearby hashers!

1994	On hearing the subject of Turkey mentioned, this brother's face lights up and his eyes begin to glow. When asked if he knows the country – he will tell you that he has been there innumerable times 'on businesses. He has frequented Turkish baths 'on business', and been relaxed by excellent Turkish massage 'on businesses. He extols the virtues of the curvacious Turkish countryside seen in passing, as he travelled to and fro 'on businesses. He finds Istanbul, with its history, architecture and exotic culture, a lovely city to stay in while 'on business'. The only thing he doesn't like about Turkey is the belly dancing. 	Christened by <i>Bogey</i> at CH3 1994			
2006	This sister reminds the RA of one of the truly great models of the sixties. She was a rather large and extremely "well padded" woman, and her speciality was modelling extra-large ladies clothing – for which there was a great demand at that time. She was consequently worked off her feet; worked under great pressure and ate very irregular meals. Unable to sleep because of stress, she fell into the habit of taking a handful of sleeping pills every night, and a single laxative pill to keep her stomach working.			
	Well, one day the cleaning lady had switched the positions of the two pill bottles and, at bedtime, the model just reached out without looking and took a handful of laxatives and one sleeping pill. She couldn't sleep, but the rumbling of her stomach became more and more insistent, until she had to go out to the bathroom, and – BOOM. When she came out again – she was as slim as a twig.			
	She was worried stiff about tomorrow's job, but there was no way of putting all that weight on again, so she would just have to turn up and hope for the best! When she arrived for the photo session the next day, the art director fainted – from joy. He had finally found the "New Look" of the sixties, which he had been searching for, for so long!

Soft-spoken Brother Jimmy's low tone of voice and (much of the time) hermetically sealed lips has not failed to make an impression on his fellow Hashers. Hash name: *Blabbermouth*.
After several appearances on Danish TV making comments about international affairs *Blabbermouth* demonstrated why he soon would be the new Ambassador in Burkina Faso. To compliment *Blabbermouth ReBelle Yell* found it appropriate to rename *Blabbermouth* to *Velvet Tongue*.
It's to this day still a mystery to the members of CH₃ why a young gorgeous blond Danish former RA decides to rename *Blabbermouth* to *Velvet Tongue*.

Christened by Simon *False Staff* Gillian October 1995 at Nicosia Horrible H₃
Shortly after Flemming did his first hashing in Cyprus, Nicosia he did a run on this awfully and completely unexpected cold Tuesday. Well, it was approx. 15 °C – usually at this time of the year its 25 °C so he was shivering from cold wearing scarf and gloves. The fellow Hashers – half Cyps and half expats – laughed. They did not freeze at all, and Flemming was named *Viking*.
The CH₃ must compliment the NH₄ for the choice of hash name. *Viking* is very often attending the runs wearing cloth (rags), which looks like it's from the *Viking*-age, but not the least is he is really trying to make up for the embarrassing way he earned his hash name. At the run at New Year's Day *Viking* turns up in shorts with naked knees. Not a pretty sight, but very *Viking*-like.

	Christened by <i>Butthead</i> at CH ₃ 1998-01-01 Sister Pernille had been running whit the hash for 50 run whiteout anyone noticing anything peculiar or obscene enough to give her a hash name. Could it be because she at all time had been acting decent, nice and correct? Being a Hasher and the brother of <i>Biggles</i> ? No way! There had to be another explanation. The solution to the riddle came to yours truly examining her running in tights: the lips where moving but no sound was heard. Throughout her 50 runs she had probably been saying the same blasphemously contra dictionary rubbish as everybody else but nobody had heard it, wherefore she was named: <i>Whisper</i> .

Wimpy		1997-08-25	123	9
	Christened by Bogey, Sir John, Mustafa the Swede, ReBelle Yell and Butthead at CH ₃ 1998-04-27 Jørn has been hashing around the world for many years in many clubs, he even claims that he has been hash master in one of them. Still he also claims that he has no hash name! No fucking likely! In a state of intoxication, he revolts his secret to another Hasher: He had <u>at least one hash name</u> , he just did not like the name(s)! This cowardly crime towards the hash-spirit and non-existent rules had to be severed punished. He should have the worst and most humiliating name irremovable tattooed on him for the rest of his hash-life. So after a nice quiet hash yours truly had the last four Religious Advisors of CH ₃ to gang up with me to give him a five-double naming. A naming that would stick forever and ever. The story of the naming, the ceremony and the humiliating name then had to be spread out in the hash-community as a warning against crime on the hash and particularly against the handy-work of the RA. Today the event has its own homepage on the Internet to secure the spreading of the story. Yours truly called the accused offender into the circle to kneel down before the 5 RA's and the hunchback helper carrying 20 kg of flour. Shot-glasses and a bottle of dubious origin and contents.			
1998				

Show time!

First the masked and vividly coloured Klan-brother *Bogey* (1994 RA) did his magic (including 6 kg of flour and a shot-glass) and the spineless piece of chicken shit was named: *Wimpy*

Then Brother *Sir John* (1995 RA) stepped into the circle and as always in his baptising he involved a, innocent helper, *Icebreaker*. He tied them up and proceeded with a very messy christening of *Wimpy*.

By the time the medieval monk, Brother *Mustafa the Swede* (1996 RA) had finished his handiwork; the presumptuous piece of jelly had received 5 shot-glasses and 12 kg of flour and the name *Wimpy*.

Now things were getting spooky. Sister *ReBelle Yell* (1997 RA) draw a hexagram around the repentant sinner, disposition the remaining part of flour down his trembling neck and naming him *Wimpy*.

Christina went to a Halloween party in L.A. dressed as the bird in Peanuts; her costume was such a success that she was named Woodstock. When she came back to Denmark there were two Woodstock's, so "the bird" was added to her name in 91 by the other *Woodstock*, to lessen the confusion about who was who.
Woodstock the Bird was Hare Raiser in 1991 and Rehash Raiser May – December 1991. Hash Music in 1993 and Jointee in 2002.

The On On that evening was in the hare's back yard around a fire. It was a cold day and everyone sat around the fire trying to get warm drinking beers out of cans. James had no jacket but had managed to find a blanket, which combined with his long hair, and rock singer type appearance, reminded the others of Woodstock and so he was named.
Returning to CH₃ in 1990 he found there was another Woodstock, also just returned from North America. It seemed obvious that the other would be *Woodstock (the Bird)* and he should be *Woodstock (the Festival)*.
Woodstock the Festival was Hash Horn from January to October 1988 and Master of Ceremonies in 1991 and 2000. He was Beer Master in 1993, Hare Raiser in 1996 and Grand Master in 2003.

Some eight months after starting hashing my name had been put forward for a Mismanagement position. The new Mismanagement had almost been announced at the 1997 AGM, just one position left to be filled for the forthcoming year, that of Upstanding Member.
The outgoing Grand Mattress *Do You?* Is in the circle "And the new Upstanding Member is..... is..... is..... is.....". She is pointing at me but cannot remember my name "is..... is....." "His name is...." heckles someone from the back but is cut short by the Grand Mattress "Don't tell me, I'll get it. It's..... it's....." she says
"We haven't got all night," says another. "I'll get it in a minute, don't help me" she continues. After almost five full minutes of trying to help the Grand Mattress and her refusing all help, she says in desperation "Oohhhhhh, Wotzisname!" pointing in my direction. "What is his Hash name then?" she asks, "He hasn't got a Hash name," shouts a member of the pack. "How long have you been running with us?" "About eight months" I reply "After eight months he hasn't got a name yet?" says our GM "Well as one of my last duties as the outgoing GM I'm going to name him *Wotzisname*".

At Julie's first party with Brussels Manneken Piss, the hashers were playing a drinking game. The theme of the party was "Blue Hawaii", meaning that it was time to empty the liquor cabinets and mix some of the more exotic drinks. Before the drinking game, *Rumple Foreskin* made a drink, adding almost everything from *Baby Snatcher's* kitchen, including some unpeeled nectarines and tequila. *Lois Lane* was asked to name the vile drink, and he called it Yark, an obscure American slang for vomit. We took some of the more interesting drinks, put them on a table, including the Yark, and as hashers do, we formed a circle around it. Upon a player turn, that player could add anything they could find to the table. One would then proceed to assign any player to drink anything from the table, using any utensil or drinking vessel on the table. For her first turn, Julie added a white plastic ladle. She then proceeded to

asked 2 men to take off their shirts and lie on the ground. She cleaned the lint from their belly buttons, took the ladle, scooped some of the chunky mixture known as Yark, poured it into their belly buttons and sucked it out. *Lois Lane* wrote in the weekly scribe; "I for one can say that my belly button was sparkling clean after that. It will never be the same. I'm thinking of having it bronzed. So, there you have it, the Legend of Yark Sucker is born."

Our dear *Yo Yo* was awarded his hash name in CH₃ while he time after time kept coming back to the CH₃. But as *Yo Yo* can't get enough he have done his outmost to collect hash names around the world:

Delhi – *SubScribe* for teaching the American Scribe proper English.

Shekou – *Smartass* for heckling the American GM for 6 weeks with words he did not understand like Plonker, Dipstick, Septic Tank, Wazzock, Tosser etc before someone explained to him, he was not a very bright GM.

Shekou Full Moon – *Sweeper*, for cleaning a taxi driver's windscreen with a brush in a rainstorm while travelling on a bus at 30 miles an hour.

This was changed to *Tinkerbell* when he became RA after he pinched (stole) a feather duster from the GM's kitchen stuck a dolls hand on top which had only the middle finger remaining (swivel on this) and using it as a religious icon. (It took him 6 weeks to discover where the duster had gone).

Madrid – *BK* – (*Before Krist*). An absolutely crap name given by a brainless RA – says *Yo Yo*.

Yo Yo was Amb-Hash-ador in 2004.

A few years ago *Burning Bush* had turned into a grey bush and no smoke or flame was seen. He considered the monastery, but was not thrilled with a future as a Wanker. Suddenly he remembered that we are called the Winking Wanker's, and as a winking he went out in the world to conquer a woman. Out there in Siberia the young steaming Jelena was ready for action and instead of waiting she decided to meet him halfway in the Baltic. From that day on the fire was turned flaming on the Bush again! He had met more than a match had; he had met a Siberian lighter. Coming from Siberia and being the lighter to set Bush on fire again she was named: *Zippo*.

Zippo was Jointee and Rehash Raiser in 1999.

Part 3 – International Hashing

The History of Hash House Harriers as Recorded by the Mother Hash

The Original Hash House (Kuala Lumpur) circa 1938

The Hash House

The “Hash House” was the mildly derogative nickname given (for its unimaginative, monotonous food) to the Selangor Club Chambers, by the British Civil Servants and businessman who lived and dined there. Originally, the ground floor housed the main Selangor Club dining room, and between the two World Wars it became a social centre of the times, used regularly for lunchtime meals by the members who worked in the immediate vicinity.

Situated close to and behind the present Selangor Club, it's function changed after independence and it became a key office for the local Water Board, as it was the place where all Kuala Lumpur (K.L.) residents came to pay their water bills. Sadly, it gave way to the relentless march of time around 1964, being bulldozed to the ground under the northbound lane Jalan Kuching. The buildings housing the original stables and servants quarters are still in existence.

Ancient Harriers

The idea of Harriers chasing paper was not new to Malaya in 1938, as there had been such clubs before in Kuala Lumpur and Johore Bahru, and there were clubs in existence in Malacca and Ipoh (the Kinta Harriers) at the time. *Horse* Thomson (one of the KLH₃ founding fathers) recalled being invited on a run, shortly after his arrival in Johore Bahru in 1932, which chased a paper trail and followed basic Hash rules every week but was so magically organised that it had no name. The club flourished in the early 1930's but is believed to have died out around 1935.

The other branch of our ancestry comes from Malacca, where A. S. *G* Gispert was posted in 1937 and joined a club called the Springgit Harriers, who also operated weekly under Hash rules and are believed to have been formed in 1935. Some months later, *Torch* Bennett visited him and came as a guest on a few runs.

A. S. G. Gispert

Hash House Harriers

By 1938, Thomson, Lee, Bennett and Gispert had all moved to K.L. and founded their own club, following the rules they had learnt elsewhere. It was *G* Gispert who was apparently the moving spirit behind the club, though he never acted as On-Sec or a Joint Master. There were probably only about a dozen members of the original HHH, including:

A. S. *G*. Gispert, Cecil Lee, *Horse* Thomson, *Torch* Bennett, Morris Edgar, Eric Galvin 'H.M. Doig, John Barrett and M.C. Hay.

They were soon joined by a few others, including: Frank Woodward, Philip Wickens, Lew Davidson and E.A. Ross.

International Hashing

It is not clear that the club actually had a name at the very beginning, but Gispert is credited with proposing the Hash House Harriers when the Registrar of Societies required the gathering to be legally registered.

Torch Bennett technically missed being a founder member, because he was then on leave, but on his return he introduced the first necessary organisation – a bank account, a balance sheet and some system. More importantly, he seems, with Philip Wickens who joined later in 1939, to have helped to keep things going immediately after the war.

Sadly, Gispert had only a short time with his extraordinary creation, being killed in the fighting on Singapore Island on February 11th, 1942, whilst serving with the Argyles. Of the original founding fathers of the HHH, Cecil Lee and *Horse* Thompson are still alive, though sadly no longer hashing. [*Editor's note: Torch died soon after this was prepared in 1992*].

The founding members were all British, although Gispert's origins were Spanish, his parents having migrated to London some time before he was born. Extraordinarily both he and Bennett were accountants, as were Paul Barnard and Jack Bridewell who made a significant contribution to our activities of later years. Some Hash psychiatrist should investigate whether this type of work leads to extreme forms of escapism.

The HHH duly celebrated its 100th run on 15 August 1941, but only 17 runs later were forced into temporary hibernation by the arrival of the Japanese.

Post-war Rebirth

Post World War II, it was nearly 12 months before the survivors reassembled. *Torch* Bennett put in a claim for the lost hash mugs, a tin bath and two old bags, on the fund set up with the proceeds from confiscated Japanese property and run no 1 was a trot around the racecourse in August 1946. Subsequent to the 1000th post war run the celebrations surround it were considered to be such a success that the 117 official pre-war runs were added to the total as we could celebrate the 2000th run as soon as possible.

With the advent of the Emergency in 1948, the Hash was automatically in bad official odour, as their activities were generally illegal in terms of the curfew imposed on most of the areas surround Kuala Lumpur and in the years 1948-51, they maintained a precarious existence at best. The turn round came with the famous bandit incident at Cheras.

This has been widely misreported, but what actually happened was that below where the Lady Templer Hospital is now, in an area that was then rubber and secondary jungle, the Hares on a darkening and rainy evening came across some men wrapped in ground sheets sleeping on the ground. They turned back to alert the pack and speed on to the Cheras police station, alerting the army, who laid ambushes on tracks leading out of the area and first thing the following morning bagged three bandits trying to break out. One of them was found to have a substantial price on his head and the bounty was sufficient to buy both the hares a new car, though the hounds were apparently of the opinion that it should have been shared amongst them all!

Other colourful incidents related by Cecil Lee, include how *Torch* Bennett once nearly drowned in quicksand, and how on one memorable occasion the erstwhile unauthentic *G* was actually leading the pack: sadly his moment of glory was short lived as the paper trail turned to be false. Swimming would seem to have been an unofficial prerequisite for all Hashmen too, for Cecil remembers having had to swim across a mining pool in order to get home after being lost on one occasion, and on another it is reported that several Hashmen ran in to a stream where bathed some unsuspecting Malay maidens. The girls screamed; their menfolk came hurtling to the rescue with unsheathed parangs flashing, and the errant Hashmen broke land speed records in their eagerness to clear the scene.

The Hash Spreads Out

The second Hash Chapter was founded in Singapore in 1962, followed by Brunei, Kuching and Sandakan in 1963, Jesselton (Kota Kinabalu), Sibul and Miri in 1964, Ipoh and Penang in 1965, making a total of ten chapters who celebrated the 1,000th post-war Hash run in K.L., on 12 March 1966. Sydney was the first chapter created outside Malaysia and Singapore, in 1967, and the worldwide expansion had started, but even by the time of K.L.'s 1,500th run, in 1974, the total was only 35, so the subsequent explosion has been spectacular indeed. The 1996 Harrier International Hash Directory will probably total around 1,600 clubs in over 150 countries and all continents (including Antarctica), where the hash format has to be adapted to environments very different from the neat rows of Malaysian rubber trees amongst which it was conceived. The Kabul HHH understandably foundered, but what can it be like to hash in the deserts of Sinai, the streets of Beijing, the mountains around Addis Ababa or the icy winds of the Falkland Islands?

International Hashing

InterHash

The first attempts at an InterHash get-together were the K.L. 1,000th post-war run in 1966, and the spectacular 1,500th run in 1974, when attendance was something over 300. The first genuine INTERHASH, in 1978 in Hong Kong broke new ground, with an attendance of around 800.

The host for the next InterHash event is selected by vote of all attending Hashers at an InterHash. Before 2004, voting was restricted to GMs (Grand Masters/Mistresses) attending InterHash at a GM's meeting. The GM's meeting has also been discontinued.
